Re **Arrears Due.**

AUDIT OFFICE, OTTAWA, November 7, 1907.

SIR,—It is desirable that the Public Accounts Committee should, during the forthcoming Session, inquire into the arrears due to the several departments, as shown by the statement annually published in the Auditor General's Report, and authorize the wiping out of such as are uncollectable. With this view, I have to ask you for a report on the arrears due to your department, specifying those you consider uncollectable, and giving any information in reference thereto which you may think desirable.

I am, Sir, your obedient servant,

J. FRASER, *A. G.*

NOTE. This letter was sent to the Deputy Ministers of the several departments.

DEPT. OF AGRICULTURE, OTTAWA. NOV. 12, 1907.

SIR,—In reply to your letter of the 7th instant asking for a report on the arrears due to this department specifying those which are considered uncollectable, I beg to refer you to my letter of the 18th ultimo and the statement of arrears inclosed therewith. Of these the following are considered uncollectable, viz. :—

E. H. Moorehouse, $1,353.66, deceased, no estate.

G. R. Taylor, $64.35, left country.

Can. Express Co., $6.50, after corresponding with the company we find that they cannot be held responsible.

Colton Export Co., $334.14, insolvent.

Sussex Dairy Co., $15, gone out of existence.

Your obedient servant,

GEO. F. O'HALLORAN, *D. M.*

The Auditor General.

DEPARTMENT OF CUSTOMS, OTTAWA, September 24, 1907.

SIR,—In reply to your circular letter of the 7th inst., I have the honour to send you herewith statement of arrears due this department on March 31 last and yet unpaid.

I regret that the advances made to Messrs. McAlpine & Ball in previous fiscal years have not as yet been accounted for.

The department has requested both of these parties to furnish the department with detailed accounts of their expenses, but so far without success. They are again being written to in regard to the matter.

I am, sir, your obedient servant,

The Auditor General.

R. R. FARROW,

Ass't. Commissioner of Customs.

DEPT. OF INTERIOR, OTTAWA, January 24, 1907.

DEAR SIR,—I have your letter of the 15th instant, with reference to the matter of arrears due this department in connection with royalties, dredging leases, &c., and in reply beg to say that a statement showing the amount due in connection with royality on timber in the Yukon Territory will be prepared and forwarded to you without delay.

You point out that where the amount due last year for arrears of dredging leases in the Northwest Territories was $10,377.96 the arrears in this connection only amount this year to $1,697.97, and in reply I beg to say that the explanation of this is that a large number of dredging leases in the Northwest Territories in connection with which arrears of rental were due have been cancelled this year, and as the leaseholds were never occupied the arrears of rental have not been collected.

With regard to the matter of the coal royalty arrears I beg to say that a statement will be prepared in this connection and sent to you as soon as possible.

Yours faithfully,

The Auditor General. W. W. CORY, *D. M.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, November 12, 1907.

Sir,—Referring to your letter of November 7, I inclose a list of all arrears in this department and have written on the margin the dates when the different debts were contracted. I inclose also a statement giving the names and amounts due by persons who are dead, and another statement giving the names and amounts of all arrears prior to January 1, 1897. It appears to me that a debit which cannot be collected in ten years should be written off. It would be done at any rate in any ordinary business.

I have no means of knowing why these arrears have not been paid by the persons in whose names they stand and who have been written to continually and have paid no attention. As a matter of fact many of these bills are for publications of different kinds, some are for speeches and many members think that such things ought to be supplied without charge. Probably that consideration may be the cause of these accounts not being paid.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K.P.*

AUDIT OFFICE, OTTAWA, September 27, 1907.

SIR,—I have received a statement of advances made previous to March 31 last and yet unaccounted for.

Mr. T. P. Owens was advanced on account of arbitration I. C. Railway and G. T. Railway $2,000. on March 10, 1905, and $1,500. on March 27, 1906.

Mr. James Friel was advanced on account of Inc. Acc. Moncton $300. on April 30, 1906, and $1,000 on October 22, 1906.

Some explanation should have been given why these advances have not been accounted for. No doubt you have written Messrs. Owens and Friel for statements, but if they have failed to respond some steps should be taken to compel them to do so.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. FRASER. *A. G.*

RAILWAYS AND CANALS DEPARTMENT OTTAWA, October 7, 1907.

SIR,—I have the honour to acknowledge the receipt of your communication of the 27th ultimo, in the above matter, in which you state that Mr. T. P. Owens was advanced on account of the arbitration in connection with the Intercolonial and Grand Trunk Railways the sum of $2,000 on the March, 10. 1905, and the sum of $1,500 on March 27, 1906; that Mr. James Friel was advanced on account of Inc Acc., Moncton, the sum of $300 on April 30, 1906, and the sum of $1,000 on October 22, 1906, and that some explanation should have been given why these advances have not been accounted for.

In reply, I have to say that endeavours have been made and are being made for settlement of the advance to Mr. T. P Owens, and from the correspondence by the department with the party concerned, it is confidently expected that an accounting of same will be made in the near future. Mr. Friel's account is now before the Department of Justice for taxation, and that department wishes some information which has been asked for.

I am, sir, your obedient servant,

The Auditor General. L. K. JONES, *Secretary.*

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, November 8, 1907.

SIR,—I have yours of yesterday's date, *re* arrears due; and in reply I have to point out, as has been frequently done in the past, that the only arrears due to this department are those that had accrued in connection with the Cullers' branch previous to its transfer to this department—in fact the arrears have been running some of them for at least 30 years, and they should all have been wiped out long ago, as not one cent of the amount reported to your department periodically is collectable. Full details have been frequently sent your Office; and you have all the information that this department has on the subject. The amount stands to-day, as it has stood for many years past, at the sum of $37,432 79.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D.M.*

a. Explanation by Deputy Minister:—'This short estimate arose through the reduction of the total vote for 1905-06 (12 months), to that for 1906-07, or 9 months. The subsidy is contracted for by two separate companies, viz.: The Furness Whithy Company, who perform an all year round service for $25,000, and the Canadian Pacific Railway Company, a winter mail service only, for $15,000 or $40,000 in all. When the estimates for 1906-07 were prepared this fact was overlooked and $30,000 provided instead of $33,750, being three-fourths of $25,000, or $18,750 for the Furness Whithy Company, and $15,000 in full for the winter service of the Canadian Pacific Railway Company.'

These accounts have been examined under my direction and are correct.

a. Expenditure over-estimated. It is impossible to make an accurate estimate of mail service expenditure. Allowance must always be made for the growth of the service, but the increased cost of a year's expansion cannot be calculated a year in advance.

b. Amount required under-estimated owing to changes in the service which could not be anticipated at the beginning of the year.

c. Owing to the conditions that prevail in the Yukon Territory, the department might at any time be called upon to provide new mail service, so that it was not thought advisable to reduce the vote of previous years.

Exhibition Expenditure—Irregularities in Payments.

AUDIT OFFICE, OTTAWA, June 22, 1907.

SIR,—On January 7 last I wrote you for explanations in reference to certain overpayments, unsettled advances, &c., in connection with your expenditure on account of the various exhibitions, but have had no reply to my letter.

As the fiscal year 1906-7 is now closed and I am preparing my report, I have again to request that you will give me those explanations or I shall be obliged, under the Consolidated Revenue and Audit Act, to report the matter to the Treasury Board for a ruling before these payments can be introduced into the accounts.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture, Ottawa. J. FRASER, *A.G.*

(NOTE.—The letter of January 7 referred to is published in A.G.'s Report for 1905-6, Page D-79.)

DEPUTY MINISTER'S OFFICE, OTTAWA, June 28, 1907.

SIR,—I beg to acknowledge receipt of your letter of the 22nd instant, calling attention to your letter of January 7 last, asking for explanations in reference to certain matters in connection with the exhibition expenditures of this department.

I am sending a copy of your letter to the accountant of this department, who is at present in Dublin, and who is in a position to take up with the Exhibition Commissioner, the matters referred to in your letter.

When I hear from him I will reply fully to your inquiries.

Your obedient servant,

The Auditor General, Ottawa. GEO. F. O'HALLORAN, *D.M.*

Appropriation Overdrawn.

AUDIT OFFICE, OTTAWA, September 11, 1907.

SIR,—The appropriation ledger of this office shows that the vote for 'Renewing and improving the Canadian exhibit at the Imperial Institute ($6,000),' 1906-7, was overdrawn $2,401.19.

Please let me know why the overdraft was not provided for.

* * * * * * *

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, September 26, 1907.

SIR,—In answer to yours of the 11th instant, *re* the overdrawing of the vote of $6,000 for renewing and improving the Canadian exhibit in the Imperial Institute, I may say that Mr. Hutchison, the Exhibition Commissioner, was instructed to have the building renovated and the exhibits renovated and renewed as were found necessary.

This he had done, but found that it cost a good deal more than he had anticipated, viz., $2,401.98.

I do not see why this debit balance could not be charged to our General Exhibitions appropriation credit balance of $6,397.51. If this were done the Imperial Institute appropriation of $6,000 would not be overdrawn and the credit balance for General Exhibitions would be $3,995.53.

I have the honour to be, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Re Cattle Inspection.

DEPARTMENT OF AGRICULTURE, OTTAWA, January 9, 1907.

SIR,—I duly received your letter of November 14, and your two further letters of December 27, in regard to the above named subject.

I am informed by the accountant that returns have been forwarded to your office on various dates, covering the several amounts enumerated in the statement transmitted under cover of your letter of November 14.

The practice has been to make up the returns from returns furnished us by the inspectors, and not from deposit receipts. In a number of instances, our inspectors at ports of entry are paid a retaining fee, and are allowed to retain such fees as, according to the schedule, they may collect on settlers' stock numbering over thirty-two head, that being the maximum number of head which a settler may bring into the country free. In some instances, I understand your office may have confused the returns of our inspectors with the returns which are made by the customs officials at the ports of entry. In this connection I have to state for your information, that an arrangement has existed between this department and the Customs Department, by which the officers of the latter and the inspectors of the former furnish returns showing the number of entries of animals into this country. It seems that, with a desire to furnish your office with as complete a statement of inspections as possible, the accountant has sent your office—as check on the returns of our inspectors—the returns furnished us by the customs officials.

With reference to that portion of the statement covered by your letter of November 14, showing deposits for which you had received no corresponding returns, I have to say that such amounts were under-charges, and the officers who made the collections were written to, and requested to remit the balances without delay.

As I have already said, the maximum number of head of live stock which any one settler may bring *free* into the country, when entering it as an immigrant, is thirty-two. The live stock brought into the western provinces by settlers is usually brought in on the trails leading from the United States across the boundary line into Canada. These trails are patrolled by the Royal Northwest Mounted Police. Owing to the very large number of settlers with stock entering the western provinces, it would be a very difficult matter for our veterinary inspectors, who are not on the trails, but at the ports of entry, to collect the fees which are collectable on the bunches of live stock numbering more than thirty-two head. Therefore, the police collect such fees and make a return of them at the nearest port of customs; and such moneys are deposited by the customs official to the credit of the Receiver General. This department, through the Veterinary Director General, is at the present time endeavouring to establish a complete and perfected system of inspection of stock entering the country; and so far such efforts have met with much success, as the revenue deposited to the credit of the Receiver General on this account will show.

With reference to returns of Veterinary Inspector P. A. Robinson, Emerson, Manitoba, referred to in one of your letters of December 27, I have to say that this officer is one of those who are paid a retaining fee, as referred to in the third paragraph of this letter. Mr. Robinson receives a retaining fee of $500 per annum, and is allowed also to retain all inspection fees collected by him. Of course, he and every other officer of this department acting in a similar capacity and receiving a stated sum per annum, makes a return of all inspections made by him, in order that the department may know the exact amount collected over and above the amount of the retaining fee.

J. N. Sherbino, referred to in your letter mentioned above, is an officer of the Department of Customs.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

AUDIT OFFICE, OTTAWA, January 17, 1907.

SIR,—I have received your letter of the 9th inst., in reply to my inquiries in reference to cattle inspection revenue.

I gave you a list of returns received for which no deposits had come to account. In your reply you state that some inspectors are allowed to retain the fees, but you only give the name of one—P. A. Robinson, Emerson. Please give me a list of all inspectors who are authorized to retain their fees.

An explanation is needed why deposits did not come from the other inspectors named. They would not seem to be on the list of those authorized to retain their fees, as they generally make deposits covering their returns, but did not do so for those on the list furnished.

It would facilitate the checking of this revenue both in your department and in this office, if the suggestion made in my letter of November 14 was adopted.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, January 26, 1907.

SIR,—I am in receipt of your further letter of the 17th instant in reference to the above-named subject.

In compliance with your request I shall send you, under separate cover, a list of the names of the inspectors who are allowed to retain fees.

I inclose you herewith a statement of explanation as to why deposits were not received from inspectors named in a list of deposits short furnished me by you under cover of your letter of November 14 last.

To facilitate the checking of the revenue of this department, I have instructed that every endeavour shall be made to give effect to the suggestion made in your letter of November 14 last; namely, that deposits shall be forwarded regularly each month to the Department of Finance, and, at the same time, the corresponding returns to your office, accompanied by a statement agreeing with the amount of the deposits forwarded.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

DEPARTMENT OF AGRICULTURE, OTTAWA, January 30, 1907.

SIR,—Referring to my letter of the 26th instant in which I promised to furnish you with a list of veterinary inspectors who retained fees collected on stock entering Canada, I beg now to inclose such list, and at the same time wish to state that in the reorganization of the veterinary staff which will take place in the near future, it is intended that matters shall be so adjusted that all fees collected will be forwarded to this department, and all inspectors not on salary will be paid for their services by the hour.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

AUDIT OFFICE, OTTAWA, June 27, 1907.

SIR,—You stated in your letter of January 26 last that you had instructed that every endeavour should be made to give effect to the suggestion made in my letter of

November 14 last, viz., that deposits should be forwarded regularly each month to Finance Department, and at the same time the corresponding returns, accompanied by a statement agreeing with the amount of the deposits, forwarded to this office.

I have to inform you that your instructions have so far not been observed, the returns since received were not accompanied with any statement.

Please see that your instructions on this matter are carried out.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, July 2, 1907.

SIR,—I beg to acknowledge receipt of your letter of the 27th ultimo with regard to the manner in which the cattle inspection returns are sent to your office.

I have instructed the accountant that in future the deposits forwarded each month to the Finance Department must agree with the statement accompanying the corresponding returns which are sent to your office.

I am, sir your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

Re **Cattle Inspection—Vancouver.**

AUDIT OFFICE, OTTAWA, June 27, 1907.

SIR,—I inclose bank receipt and draft for $24.55, Canadian Bank of Commerce, Vancouver, dated December 4, 1906.

This deposit receipt was found attached to the return.

Were the suggestions made in my letter of November 14 adopted in your department the absence of this receipt would not have escaped notice.

It will now have to appear in the revenue of 1907-8 instead of 1906-7 where it belonged.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

Re **Experimental Farms Revenue.**

AUDIT OFFICE, OTTAWA, June 25, 1907.

SIR,—On May 16 last I wrote you requesting that all statements and vouchers appertaining to the accounts of 1906-7 should be furnished before the end of May.

I also asked that all bank deposit receipts of revenue and refunds of expenditure should be forwarded.

No returns nor deposits covering the sales at the Central Experimental Farm during February and March last have yet been received, nor have any returns or deposits from any of the farms for April and May been yet received.

The accounts for the year 1906-7 are now closed, and the statement that will be published in the Audit Report will show no receipts from the Central Experimental Farm for February and March.

Please let me have an explanation of the delay in making the deposits, and allow me to suggest that you direct your officials to be more prompt for the future.

I am, sir your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, July 2, 1907.

SIR,—I beg to acknowledge receipt of yours of the 25th ultimo, stating that no returns or deposits covering the sales at the Central Experimental Farm, during February and March last, had been received by you, nor any returns or deposits from any of the farms for April and May.

I have taken the matter up with the Director of Experimental Farms who states that the accountant's office at the farm has been rather shorthanded, and that there has been a great deal of extra work for the accountant recently in instructing the new superintendents as to their duties in sending in statements to his office, and also his new assistant in his duties.

The farm accountant has sent in his deposits for February and March and hopes in future to make all returns and deposits promptly.

I am, sir your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

Re The Customs Bonding Warehouse Fees.

DEPARTMENT OF CUSTOMS, OTTAWA, August 29, 1907.

SIR,—Referring to your letter of 26th instant, in the above matter, I am to state that Bonding Warehouse fees have not been collected since January 1, 1906.

Instead of such fees, a charge is made for the services of the Customs Officer in attendance, which is accounted for as 'Refund of Customs Special Service.'

Copy of Regulations, Memo. No. 1343, B., in force since January 1st, 1906, enclosed. Vide pages 1, 6 and 12.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD,

Comm.

AUDITOR GENERAL'S REPORT

Re Refund of Excise Revenue—Raw Leaf Tobacco Cuttings.

AUDIT OFFICE, OTTAWA, May 22, 1907.

SIR,—I inclose copies of my letter to the Department of Justice and reply thereto on the question of authority for the refund of duty on raw leaf tobacco cuttings exported,

The acting Deputy Minister of Justice states in his letter that this matter has been a subject of correspondence with your department, and adds that your department proposes to asks Parliament to amend the Act so as to enable them to make the refund in question.

I have to inquire if the Act was amended during the last session, and, if so, I should like to have a copy of the amending Act.

I assume that, subsequent to the correspondence of the Justice Department with your department, you did not make any further refunds, till the passage of the amending Act.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, August 28, 1907.

SIR,—I am without any reply to my letter of May 22 last in referrence to the refunds on raw leaf tobacco cuttings.

Judging from the letter of the Department of Justice, copy of which was inclosed you, with my letter of May 22, it was conceded by you, that there was no statutory authority for these refunds but you proposed having the Act amended to enable you to make them.

Though the Act was not amended you continued making these refunds, amounting during the nine months ended March 31 last to $38,201.40.

I am again submitting the matter to the Treasury Board.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

INLAND REVENUE DEPT., OTTAWA, August 30, 1907.

SIR,—I beg to acknowledge the receipt of your communication of the 28th instant relative to the refunds on raw leaf tobacco cuttings and calling my attention to the fact that the proposed statutory authority to permit of these refunds being made, had not been secured.

In reply thereto I beg to advise you that a Bill with this object in view was prepared (copy inclosed) but at the same time there was under consideration a re-arrangement of the manner of collecting the duties on tobacco which would in itself have rendered this amendment unnecessary. Owing to the early closing of the session no action was taken on either lines. The matter will, I trust, be disposed of during next session of Parliament.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M.*

AUDIT OFFICE, OTTAWA, September 5, 1907.

SIR,—I have received your letter of the 30th ultimo on the above subject and inclosing a copy of draft Bill amending the Inland Revenue Act, which, however, was not passed.

You do not explain why you have continued making these refunds, though, as you admit, there was no statutory authority therefor.

Nor do you state that no more refunds shall be made till the Act is amended.

I am forwarding a copy of your letter and the proposed Bill to the Secretary of the Treasury Board, to whom, as I previously informed you, this matter has been referred.

In the meantime I have to request that no further payments on this account be made through your letter-of-credit. If the department decide that they shall be continued, you will please make direct application to this office for them.

I am. sir. your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, August 28, 1907.

SIR,—I wrote you December 15, 1905, inclosing copy of correspondence with the Department of Inland Revenue in reference to the refund of duty on raw leaf tobacco cuttings exported.

I have had a letter from the Department of Justice, dated November 14, 1906, stating that this matter had been a subject of correspondence with the Department of Inland Revenue on a reference from the Treasury Board, and adding that it was understood the Department of Inland Revenue proposed to ask Parliament to amend the Act so as to enable them to make the refund in question.

I now inclose a copy of my letter to the Department of Inland Revenue dated May 22, 1907, to which I have had no reply, and also my letter of even date.

So far as I know, the Act was not amended during the last session.

In the meantime the department has continued making the refunds in question amounting during the nine months to March 31 last to $38,201.40.

I have to ask you to again bring this matter to the attention of the Treasury Board.

I am, sir, your obedient servant,

The Secretary of the Treasury Board. J. FRASER, *A.G.*

AUDIT OFLICE, OTTAWA, September 5, 1907.

SIR,—Since writing you on 28th ultimo on this subject, I have received a letter from the Deputy Minister of Inland Revenue, a copy of which I inclose.

The department having practically admitted in their proposal to amend the Inland Revenue Act, that the necessary authority for these payments did not exist, should have refrained from making any further payments until such authority was obtained.

Under these circumstances I cannot consider these refunds as proper charges against the revenue, as in my opinion they are illegal.

I shall be pleased to receive the ruling of the Treasury Board in the matter, and I have to request that the Inland Revenue Department be instructed to refrain in the meantime from making any further payments out of its letter-of-credit for these refunds.

If the department decide to continue them they should be instructed to make application for such payments direct to this office.

I am, sir, your obedient servant,

The Acting Secretary, Treasury Board. J. FRASER, *A.G.*

Claims of North Atlantic Trading Company.

AUDIT OFFICE, OTTAWA, February 16, 1907.

SIR.—I am in receipt of your application for bill of exchange in favour of the North Atlantic Trading Co., for a further advance of £5,000 on account of bonuses for the 17 months ended November 30 last. Before making any further payment on this account it will be necessary that you supply me with a certificate from officers of your department that the company have made the expenditure called for in the contract, and complied with all the conditions which would entitle them to a further payment.

I am, sir, your obedient servant,

The Deputy Minister of the Interior, J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, March 8, 1907,

SIR,—Referring to your letter of the 16th ult., in which you ask to be supplied with a certificate from officers of this department that the North Atlantic Trading Co. have made the expenditure called for in the contract and complied with all the conditions entitling them to a further payment, I now have the honour to inclose two certificates; one in respect to the bonuses earned and the other relating to the expenditure to be made under sections 3 and 6 of the contract.

Your obedient servant,

The Auditor General, P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, February 27, 1907.

SIR,—I have examined the manifests of the steamships carrying Continental passengers to Canadian ports and find that there arrived in Canada during the period of seventeen months from of July 1, 1905 to November 30, 1906, a total of 10,636 persons from the Continental countries covered by the contract with the North Atlantic Trading Company, on whom the regular bonus should be allowed, I have made up the account for the above mentioned pe iod, showing the names, ages, occupations, nationalities and destinations of these 10,636 persons and believe the same to be correct, according to the terms of the agreement with the North Atlantic Trading Company.

F. C. BLAIR,
Clerk in the Immigration Branch.

I have examined the books, accounts and vouchers of the North Atlantic Trading Company, and hereby certify that from the evidence laid before me, the sum of $15,000 required to be spent annually under section 3 of the agreement, bearing date the 26th day of November, A.D. 1904, has been expended by the said company in the promotion of immigration for the years 1903-1904, 1904-1905, and 1905-1906. I also certify that the sum of £1,000 has been expended during each of those years in accordance with the provision made under section 6 of the said agreement.

CHAS. H. BEDDOE,
Accountant of the Department of the Interior.

Immigration Bonuses.

AUDIT OFFICE, OTTAWA, Dec. 19, 1906.

SIR,—I am in receipt of an account paid by Immigration cheque No. 10178 of the 7th of November last, for bonuses on 152 immigrants booked upon the steamer *Athenia*, sailing from Glasgow on September 15 and for 27 immigrants booked on the steamer *Cassandra*, sailing from Glasgow on November 22. Upon examining the manifest and reports of the officers at Quebec, I find that these immigrants are described as labourers on the Grand Trunk Pacific, and appear to be those referred to in the Canadian Association Press despatches from London, which reads as follows :—

'London, October 19.—One hundred and fifty men engaged by an agent of J. A. Smart for work on the G.T.P. are sailing on the steamer *Athenia*. Mr. Smart's agent is seeking office quarters, and it is the intention of Mr. Smart to establish a labour bureau here.'

The only intimation of the policy of the Government which I have in this regard is that contained in the departmental regulation of March 20, 1906, which provides that—'(1) Bonus will be paid, provided the regulations of the department are complied with, upon tickets to Canada sold to persons whose occupation in the old country is, and has been for at least one year, one of the following, viz. : Farmers, farm labourers, gardeners, stablemen, carters, railway sectionmen, navvies, or miners, and who have signified their intention of following farming in Canada ; and to female domestic servants.

'(2) The bonus will be £1 on each person of prescribed classes, 18 years of age or over, and 10 shillings on those between one and 18 years of age. No bonus on infants, tourists, returning Canadians, saloon passengers, prepaid tickets, or persons of other occupations than one of the above named, or on persons mentally or physically unfit.'

If it is intended to pay bonuses on labourers destined for the Grand Trunk Pacific or other works, you will be good enough to forward to me the regulations providing for the payment, and in this connection I notice the following item in the Montreal 'Star' of the 13th instant :—

'St. John, N.B., December 13.—On the Donaldson liner *Cassandra*, which docked this forenoon, are 82 Hungarians who have been brought out by the James A. Smart Company, to work on various sections of the Grand Trunk Pacific. They will be employed by McDonald and O'Brien, on the Quebec section. Another party of 200, due to arrive on the 22nd instant, will go to McDonald of Winnipeg, and the next lot to the Canada White Company, for construction work east of Saskatoon. Already two thousand men have been engaged on the other side and will be brought out in parties of from one to two hundred on every passenger steamer—a total of not less than ten thousand will be engaged, as the different contracting companies have applied for this number. The demand is chiefly for Scotchmen, Hungarians and Scandinavians, men who may later develop into good settlers. James A, Smart, head of the labour company, is the former Deputy Minister of the Interior.'

As the contract with the North Atlantic Trading Company expired on November 30 last, I would like to know what the policy of the department is in reference to the payment of all bonuses, and if it is the intention to pay bonuses on immigrants from the continent sailing from or through a British port, and as the changes which have been made from time to time in the payment of bonuses have left an indefiniteness as to what the regulations really are, I would suggest that the regulations now in force and any changes which it is intended to make be made the subject of a special memorandum to Council and that an Order in Council be passed covering the whole question. In the account referred to above I also find that those immigrants arriving on the *Cassandra* stated that they purchased their tickets from J. N. Anderson, of Stornoway, but the bonus claim appears to be made in the name of A. C. Lang, of Glasgow. I would ask why such is the case and what means the department have of ascertaining that the agent applying for the bonus is entitled to the same. This payment is made to James A. Smart, of Montreal, who appears to have a power of attorney from Mr. Lang. Please let me have the authority for making payment to Mr. Smart, and inform me if

your department have any information as to the reason for Mr. Lang's authorizing payment to Mr. Smart.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, January 4, 1906.

SIR,—Your letter of the 19th ultimo to the Deputy Minister with regard to the immigrants brought to Canada by James A. Smart has been referred to me for reply, and I beg to state that in my circular of March 30, 1906, there is a clause which states that payment of bonuses will be insured to ticket agents who have their passengers examined by one of the accredited officers of the department in the United Kingdom, and their claims certified as being within the regulations governing bonus payments. This is the method that has been followed by Mr. Smart and his colleagues in booking the parties to whom you refer. The examination made on the other side is naturally very exact, as there is plenty of time for our agent to inquire fully into the past occupation of the immigrant and his intended employment in the future. The circular of March 30 governs the payment of British bonuses up to the 1st instant, after which date the new circular dated November 15, 1906, contains the regulations of the department. I am inclosing copies of three circulars with regard to British bonuses. I do not think that an Order in Council regarding bonus payments is necessary at the present time as the contract with the North Atlantic Trading Company expired on November 30 last, and no new arrangement has as yet been made for carrying on our continental immigration propaganda. No bonuses are at present paid on immigrants from Europe, and any new policy inaugurated in this respect will be covered by an Order in Council. In the last paragraph of your letter you refer to the fact that immigrants ex-SS. *Cassandra* had purchased their tickets from J. N. Anderson of Stornoway, but that the bonus claims were sent in by A. C. Lang of Glasgow. This is the case and I would consequently assume that Mr. Anderson was in the employ of Mr. Lang. Cheques in payment of bonuses on the parties referred to were sent to Mr. Smart, but were made payable to A. C. Lang. I inclose copies of letters which were our authority for making the payment in this manner. The department knows nothing of any arrangement entered into between Mr. Lang and Mr. Smart further than is shown by the inclosed letters.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Superintendent of Immigration.*

Agent's Contingent Accounts.

AUDIT OFFICE, CANADA, March 18, 1907.

SIR,—I beg to inclose herewith statements of some of the vouchers submitted by the Immigration Agent at Quebec in his contingent accounts for the months of July to November inclusive. Upon reference to these statements you will find that accounts entered in the July statement are not paid until December, and most of the accounts in the other months are not paid until long after the month in which they appear. You are, no doubt, aware that the contingent disbursements of an agent for a particular month are not the expenses incurred or arranged for by him but the actual money expended in paying accounts, and, therefore, the statements submitted by your Agent at Quebec are not a correct account of his affairs, and the balance shown is not the actual amount of money on hand at the end of any month. As the amounts of his advances are large, it is presumed that the money is deposited in a chartered bank and that the accounts are paid by cheque, and I would be pleased to have a copy of his bank account with the cheques returned by the bank and your reasons for allowing him to submit his accounts in this form.

I am, sir, your obedient servant,

The Superintendent of Immigration. J. FRASER, *A.G.*

Re Renewals of Placer Claims—Dawson.

AUDIT OFFICE, OTTAWA, January 10, 1907.

SIR,—The return of renewals of placer claims from the Gold Commissioner's office, Dawson, for the month of August last, shows that approximately 400 renewals were granted at $10 each, and 225 were charged for at $15 each.

Under Cap. 39, 6 Edward VII, an Act respecting placer claims in the Yukon Territory, Schedule 'D,' it is provided that renewals shall be charged for at the rate of $15. each, and by Section 94 that this Act shall come into force on the first day of August 1906.

Please explain why the $15 fee was not collected on all the renewals granted during the month of August.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, March 7, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 10th of January last, respecting the granting of renewals during the month of August, 1906, at the office of the Gold Commissioner at Dawson, for which fees of $10 each were charged, and in reply I beg to say that on the 18th ultimo the Assistant Gold Commissioner at Dawson was asked to explain fully regarding the granting of some 242 renewals during that month for claims which expired subsequent to the date the Placer Mining Act came into force.

I am to point out that it is thought that all claims which expired previous to the first of August, 1906, should be renewed under the regulations then in force, which provided that a miner may renew his claim at any time within three months after the date of record without any extra fee being charged. The foregoing will probably explain regarding a portion of the 400 renewals referred to in your letter.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 14, 1907.

SIR,—Referring again to your letter of the 10th of January last, respecting renewals of placer mining claims at Dawson, in which you state that approximately 400 renewals were granted at $10 each, notwithstanding that the Placer Mining Act, which came into force on the first of August, 1906, provided for a fee of $15 for each renewal issued, I beg to inform you that the explanation asked for from the Assistant Gold Commissioner at Dawson and referred to in the departmental letter to you of the 7th of March last, has come to hand, from which it appears that a number of fees for renewing claims were paid into his office prior to the first of August, 1906, to renew claims which expired after that date, and notwithstanding that the fees were not applied until after the first of August, he issued renewals for which he charged $10 each.

On the 30th ultimo instructions were given to collect an additional fee of $5 in all such cases, and inclosed herewith is a copy of the departmental letter of that date to the Assistant Gold Commissioner at Dawson, a copy of which has also been sent to the Assistant Gold Commissioner at Whitehorse.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, May 30, 1907.

SIR,—With reference to those portions of your letters of the 9th, 21st and 27th of March, and 15th ultimo, File 1649 No. 6, explaining why certain renewals were issued since the Placer Mining Act came into force, covering claims which expired after that date, and for which fees of only $10 were charged, on the ground that the fees in question were paid before the first of August, 1906, the date the said Act came into force, I am directed to inform you that it is the opiuion of this department that if the fee for renewals became due after the Placer Mining Act came into force the fee provided by that Act is properly the one which should be paid, and prepayment, that is, payment before the date the fee became due of the former fee could not make that the correct fee. In view of the foregoing it will be necessary for an aditional fee of $5 to be collected in connection with every renewal issued to renew claims expiring after the first of August, 1906, for which a fee of $10 only was collected, irrespective of the date of payment.

A copy of this communication is being sent to the Assistant Gold Commissioner at Whitehorse for his information, and he is hereby requested to follow this ruling with respect to placer mining claims in that district.

Your obedient servant,

The Assistant Gold Commissioner,
Dawson, Y. T.

PERLEY G. KEYES, *Secretary.*

Re **Renewals of Placer Claims, Whitehorse.**

AUDIT OFFICE, OTTAWA, January 18, 1907.

SIR,—The Return of Renewals of Placer Claims from the Assistant Gold Commissioner's office, Whitehorse, for the month of August last, shows that 90 renewals were granted of which 21 were charged for at $15 each and the balance at $10 each.

Please explain why the fee of $15 was not collected in every case.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, January 26, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 18th instant with respect to renewals of placer mining claims in the Whitehorse District, in which you state that during the month of August last ninety renewals were granted, and that for twenty-one of these renewals the fee of $15 was charged and that for the balance the fee was $10. You ask for an explanation as to why the fee of $15 was not charged in every case,

In reply I am to inform you that under the regulations governing placer mining in the Yukon Territory, which were in force up to the first of August last, provision was made that if a claim were not re-recorded within six months subsequent so the date up to which it had been recorded, the claim would be deemed to be abandoned, and that a fee of $10 would be charged for such renewal. Under the Placer Mining Act which came into force on the first day of August last, provision was made that the fee for the renewal of a placer mining claim should be $15 instead of $10 as formerly. A number of claims the entries for which expired prior to the first of August last were

renewed subsequent to that date, under the above provisions of the regulations, so that only a fee of $10 was charged in such cases. Those claims, the grants for which expired after the first of August, were renewed by the payment of a fee of $15. It will be seen, therefore, that claims which expired prior to the first of August last may be renewed up to the end of the current month by payment of a fee of $10, but for all those which expired after the first of August last a fee of $15.00 will be collected for renewal.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re **Dominion Lands Revenue—Joint Townsite Trustees.**

AUDIT OFFICE, OTTAWA, February 21, 1907.

SIR,—On October 3, 1906, $9,085.32 was received from the Deputy Minister of Justice on account of sales made by Joint Townsite Trustees.

I have to inquire when these Trustees were appointed; what functions were assigned to them; what Town sites were placed under their authority to be sold; what sales have been made by them; why has this payment come through the Department of Justice, and what does it cover?

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, March 12, 1907.

SIR,—I am directed to acknowledge the receipt of your letter of the 21st ultimo, asking for certain information referring to the Joint Townsite Trustees. In reply I beg to inclose herein, a copy of the Order-in Council passed on the 29th December, 1906, approving the report, evidence and cash statements submitted by the Townsite Commisioners, also a copy of a letter received from Mr. H. M. Howell dated the 21st July, 1906, in which was inclosed a cheque for $12,048.12 made up as follows:—

Amount claimed upon in settlement of the suit..	$6,000 00
Amount fixed as chargeable against the Trustees for receipts subsequent to the report of the Commission.	3,085 32
	$9,085. 32
The amount of costs paid by the Government to Messrs. Howell, Mathers & Howell.....	$1,830 02
Costs paid to Mr. Ewart.....	1,132 78
	$2,962 80

The amount of $9,085.32 was credited to Dominion Lands Revenue and $2,962.80 credited to Casual Revenue.

I have the honour to be, sir, your obedient servant,

The Auditor General. L. PEREIRA, *Asst. Secretary.*

Copy.

WINNIPEG, July 21, 1906.

E. L. NEWCOMBE, K. C., D. M. J.
Ottawa, Ont.
Attorney General *vs* C. P. R.

DEAR SIR,—Pursuant to the instructions of your letter of the 9th July, authorizing me to accept the offer made by Messers. Tupper, Phippen & Tupper and which was set forth in my letters of June last, I have received from them and herewith inclose to you a cheque of my firm for $12,048.12 made up as follows :—

Amount claimed upon in settlement of the suit.....	$6,000 00
Amount fixed as chargeable against the trustees for receipts subsequent to the report of the Commission..	3,085 32
The amount of costs paid by the Government to Howell, Mathers & Howell.....	1,830 02
Costs paid to Mr. Ewart.....	1,132 78
Total of cheque.....	$12,048 12

In your letter and telegram you make a claim for Henderson $160.00 and Campbell $80.00. These payments were not within the terms of the offer made by Tupper, Phippen & Tupper to me and set forth by me in my letters. They were payments which must have been made at the time the commission were sitting and they could not in any way be charged against the trustees. What they affered to pay were the costs of the suit, and these sums are not part of costs of suit. I have settled the matter without regard to these two items. Messrs. Henderson and Campbell were retained by the Commissioners when they were here to make up certain reports. I trust this is satisfactory and I think I can now congratulate the Government on making an extremely good settlement.

Your faithfully,

(Sgd.) H. M. HOWELL.

AUDIT OFFICE, OTTAWA, March 20, 1907.

SIR,—I have received your letter of the 12th inst. enclosing copy of the Order in Council of December 29, 1900, approving the report, evidence and cash statements submitted by the Townsite Commissioners; also a memo showing that the $9,085.32 deposited October 3, 1906, included $6,000 in settlement of the suit, and $3,085.32 chargeable against Trustees for receipts subsequent to the report of the Commission (December 31, 1899).

According to the report of the Commission the gross receipts from sales, interest, rent, &c., amounted.	$488,941 85
and the expenditure consequent thereon.....	103,177 13
	$385,764 72

of which one-half—$192,882.40—belonged to the Government.

Of this amount only $141,200 was paid over, charges made for salaries $11,156.63, for Regina Building rent $14,610, and share of purchase $8,000, interest $1,350.54, and sundries $799.88; leaving a balance not accounted for of $15,765.35. This balance does not seem to have been since paid over.

Exception seems to have been taken to some of the charges made against the Government and a suit was taken thereon, from which I assume $6,000 referred to above was recovered.

The charges against the Government for rent and share of purchase of Regina Building call for explanation. Does the Government now own this building?

According to the statements furnished by the Commission, there existed on December 31, 1899 the following assets:—

Due by purchasers—		
Regina	$ 5,788 85	
Moosejaw	2,307 91	
Qu'Appelle	155 85	
Virden	4,935 11	
		13,187 72
Value of unsold lots—		
Regina	12,583 09	
Moosejaw	3,038 07	
Qu'Appelle	2,493 09	
Virden	2,142 30	
		20,256 55
		$33,444 27

The only amount since paid on account of the above, one-half of which appertained to the Government, was $3,085.32 referred to above. A statement should be furnished showing the transactions since December 31, 1899.

Accepting the statements furnished by the Commission, there would seem to be yet due the Government:—

The balance of December 31, 1899	$15,765 35
Half interest of balance due by purchasers and lots unsold	16,722 13
	$32,487 48
Less, recovered through suit	3,085 32
	$29,402 16

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, March 26, 1907.

SIR,—I am directed to acknowledge the receipt of your letter of the 20th instant, in which you ask for certain information with reference to the amount due to the Dominion Government by the Joint Townsite Trustees. In this connection, I am to inclose herein a copy of the following correspondence:—letter from Mr. H. M. Howell to the Deputy Minister of Justice dated June 5, 1906; letter from the Deputy Minister of Justice to the Secretary of the Department of the Interior, dated June 14, 1906; letter from the Acting Deputy Minister of Justice to the Secretary of the Department of the Interior, dated June 26, 1906; letter from the Secretary of Interior Department to the Deputy Minister of Justice, dated July 6, and Order in Council approved by the Governor General on April 6, 1903. As will be seen by the inclosed correspondence the payment of $9,085.32 closed the suit with the Joint Townsite Trustees so far as the Dominion Government is concerned, and under authority of the Order in Council of April6, 1903, such lands as may be revested in the Crown are granted to the respective municipalities.

I am, sir, Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re Arrears due—Royalty on Coal Lands.

AUDIT OFFICE, OTTAWA, February 11, 1907.

SIR,—I have received your letter of the 7th, inclosing statement showing the arrears of royalty on coal mined from lands acquired from the Crown during the year which ended on June 30, 1906.

Of these arrears, $13,148 is due by the West Canadian Collieries, Ltd., and $3,521.40 by the International Coal and Coke Co.

On January 31, 1906 you furnished a statement of arrears due June 30, 1905 showing the same amount as due.

I do not find that anything has come to account from these companies during 1905-6 for these royalties and presumably the arrears due June 30, 1906 are the same arrears as were due June 30, 1905.

I have to inquire if no royalties accrued during 1905-6 and why the arrears due June 30, 1905, have not been collected?

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, April 11, 1907.

SIR,—Referring to your letter of the 11th February, 1907, respecting arrears of royalty on coal mined, due the department by the West Canadian Collieries Co. Ltd., and the International Coal and Coke Co., I beg to say that as these companies, in concert with other coal operators, have had the matter of the payment of coal royalty before the department for some months past they were not pressed for the amount due, nor for further returns of operations, pending settlement of the question.

As it has now been decided to proceed with the collection of royalty, both of these companies have recently been written to and their accounts rendered.

They have also been asked for returns covering the period between the date of their last return and the present time.

As soon as these companies have been heard from the department will be in a position to give you the information asked for.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re Timber Dues.

AUDIT OFFICE, OTTAWA, May 1, 1907.

SIR,—The Crown Timber Agent at Edmonton issued Timber permit No. 91575 to Messrs. Miller & Robinson of Lloydminster, contractor for the Department of Public Works, Alberta, on January 30 last, to cut 7,000 telephone poles 25 feet long and 1,500 piles 25 feet long, free of dues.

Please let me know under what authority the agent issued this permit without dues.

I am, sir, your obedient servant,

The Deputy Minister of Interior. JOHN GORMAN, *for A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA May 11, 1907.

SIR,—Referring to Mr. Gorman's letter of the 1st instant, asking under what authority the Crown Timber Agent at Edmonton issued permit No. 91575 to Messrs. Miller and Robinson, of Lloydminster, contractor for the Department of Public Works, to cut certain timber without payment of dues, I am directed to say that under the provisions of Sub-section 'D' of Section 19 of the regulations concerning the granting of yearly licenses and permits, this department is authorized to issue free permits to persons cutting timber for the construction of public works, public institutions and buildings in connection therewith.

Your obedient servant,

The Auditor General. L. PEREIRA, *Assistant Secretary.*

AUDIT OFFICE, OTTAWA, May 17, 1907.

SIR,—Timber permit No. 97685 was issued by the Crown Timber Agent, Calgary, on February 11, 1907 to Thomas Quigley, to cut 400,000 feet B. M. lumber, under Order in Council dated May 16, 1906, $100 paid at head office.

Please let me know when this amount came to account, and also furnish a copy of the Order-in-Council referred to.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A. G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, May 27, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 17th instant, with respect to timber permit No. 97685 issued by the Crown Timber Agent at Calgary on the 11th of February last to Mr. Thomas Quigley to cut 400,000 feet B. M. of lumber under the provisions of the Order in Council of May 16, 1906, and requesting to be informed when this quantity was brought to account and to be furnished with a copy of the Order in Council referred to. I am to advise you that under the regulations of this department the dues on any timber authorized to be cut under portable saw-mill permits are not collected at the date of the issue of the permit but only when the timber has been manufactured at the mill and sold. Quarterly returns are required to be prepared and forwarded to the local Crown Timber Agent, together with the amount of the dues accrued thereon. As requested by you I inclose herewith a printed copy of the Order in Council of the 16th of May last.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, May 29, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 27th instant, inclosing a copy of the Order in Council of May 16, 1906, in reply to my letter of the 17th instant, with reference to timber permit No. 97685, issued by the Crown Timber Agent at Calgary.

The counterfoil of this permit is marked $100, paid at head office, and I should be glad to know when this amount was paid.

You have apparently misinterpreted the last paragraph of my letter in this regard.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

Re **Dominion Lands Revenue—Leases.**

AUDIT OFFICE, OTTAWA, January 28, 1907.

SIR,—I have to ask for a list of all leases now in force, under the supervision of the several agencies, classified under their respective headings: Hydraulic, Dredging, Coal, Timber, Grazing, &c. Also, that in future this Office should be notified monthly or quarterly of all new leases issued.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, February 6, 1907.

SIR,—I am directed to acknowledge the receipt of your letter of the 28th ultimo, asking to be furnished with a list of all leases now in force under the supervision of the several agencies, classified under their respective headings as hydraulic, dredging, coal, timber, grazing, &c. In reply I am to inform you that this information will be prepared as soon as possible, but as it entails very considerable work, it will, of course, occupy some time in its preparation.

Your obedient servant,

The Auditor General. L. PEREIRA, *Asst. Secretary.*

Re **Local Government—Yukon.**

AUDIT OFFICE, OTTAWA, December 31, 1906.

SIR,—Under Ordinance No. 7 of 1905, the sum of $74,820 was granted to defray the expenses of the government of the Yukon Territory for the 12 months ending June 30, 1906. The details show that this grant was for local expenditure in the City of Dawson: Fire service, streets, salaries, &c.

In your report of the Local Revenue there is no reference to these grants.

I will be favoured by an explanation, stating from what source these grants are made.

I am, sir, your obedient servant,

J. T. LITHGOW, Esq., Comptroller, Dawson. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., January 25, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 31st ultimo, pointing out that under Ordinance No. 7 of 1905, the sum of $74,820 was granted to defray the expenses of the Government of the Yukon Territory for fire service, streets, salaries, &c., for the City of Dawson, and that no reference is made in the report of the Local Revenues to these grants. In explanation of this I beg to inform you that from September 1, 1898, to January 1902, the affairs of the City of Dawson were managed by the local Government as a portion of the Territory; but in January 1902 a plebiscite was held and the citizens voted in favour of the city being incorporated. An Act of incorporation was passed by the Yukon Council, and the city was managed by a mayor

and Board of aldermen until September, 1904. The citizens becoming disastisfied with the management of the mayor and corporation owing to the expenses of maintaining the city and the increased taxation, petitioned the Yukon Council to abolish and rescind the city charter and to place the management of the city in the hands of a commission composed of three persons, one of whom was to be the Comptroller of the Territory. In accordance with the prayer of this petition a plebiscite was held on September 13, 1904, and the majority of the citizens voted for the rescinding of the city charter. The city office was then removed to the Administration Building, the services of the city assessor and accountant being retained, and although no formal commission was appointed, the commissioner, the inspector of works and buildings and myself, have managed the affairs of the city since it was taken over. On September 30, 1904, when the books of the city were balanced and audited it was found that there was a deficit of $61,840.18. It was considered advisable to keep the city affairs altogether separate from the Territory until the deficit was wiped out or materially decreased. Up to September 30, 1906, it was decreased to $40,560.65 and it will be paid off in time by careful management, For this reason the City of Dawson account has been kept entirely separate from the local revenues of the Yukon Territory, although authority has been taken from the Yukon Council for the expenditure, and the revenue and expenditure properly accounted for to that body. The auditor who audited for the city under incorporation has been continued and makes a quarterly audit. At the end of the present fiscal year it is my intention to transfer the city accounts to the local revenues and do away with the city set of books and the services of the accountant; and all revenue and expenditure after June 30 next will appear in the local revenues and will be accounted to you in the same way

Your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

COMPTROLLER'S OFFICE, DAWSON, Y. T., September 16, 1907.

SIR,—I beg to inclose a copy of the ordinances of the Yukon Council for the year 1907.

By reference to Page 33, Chap. 14, the Supply Bill will be found granting to the Commissioner certain sums of maney to defray the expenses of the Government of the Yukon Territory for the twelve months ending June 30, 1908.

The management of the City of Dawson having been transferred to the Government of the Yukon Territory, the revenue and expenditure will all go through the Local Revenues of the Yukon Territory and the vouchers for the city will be sent to your office for audit in the same way as the other services in the Yukon Territory.

Your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

Removal of Fish Offal from Canneries on Fraser River, &c.

MARINE AND FISHERIES DEPT., OTTAWA, December 5, 1906.

SIR,—I am to inform you that by an order in council of July 22, 1905, an agreement was entered into by the Minister of Marine and Fisheries and the Pacific Oil and Guano Company, Limited, of Vancouver, by which that company was guaranteed against loss in the running of the reduction works, up to a maximum amount of $10,000. The terms of the order in council may be epitomized as follows:—

The policy had been adopted in connection with the improvement and development of the fisheries to establish government reduction works for the utilization of dogfish, which had been a great nuisance to the successful operation of the fisheries, for which purpose provision had been made in the estimates to be submitted to Parliament.

These works were confined to the Atlantic coast. Urgent representations were received from the Pacific asking that the government assistance contemplated on the Atlantic be extended to that coast, in connection with the reduction works already established there, one at Ladner and the other at Gibson's Landing, Howe Sound, these works being operated by one concern, under the managing ownership of Mr. T. F. E. Kinnell, of Vancouver.

The raw material utilized by such works has been dogfish, offal and refuse from the extensive salmon canneries and later on herring taken for such purpose.

The shortness of the salmon packing season, only about six weeks, during which offal was available, rendered it necessary to resort to the use of herring to make the business pay, particularly in seasons of small salmon pack.

On the strength of protest from the herring fishermen and others, a special order in council was passed prohibiting the use of these valuable food fish for reduction purposes, with the effect that it was found impossible to operate the works without some government guarantee against loss.

The salmon canning industry represented that if these works were not operated that year, as would be the case without guarantee, there would be no means of disposing of the vast quantities of offal from the canneries, in good years calculated to reach from 4,000 to 5,000 tons, otherwise than by depositing it in the water, to the detriment of the fisheries and the general health of the community.

Under the peculiar circumstances, and as dogfish were utilized at these works, it was considered that the case was one, which in the general interests and development of the fisheries came fairly within the scope of the policy above explained, and would appear to be deserving of government assurance against loss.

The order in council, therefore, authorized a guarantee to Mr. Kinnell, as managing owner of the works comprising the two plants above-named, against loss up to a maximum sum of $10,000 annually, such amount to be paid out of the appropriation for the construction and maintenance of dogfish reduction works.

It was specified that any and all loss claimed thereunder should be only after the same had been established by a government audit of the books of the concern.

Under this order in council a formal guarantee was entered into on September 12, 1905, under which, among other conditions, the company bound itself to operate the plants and to utilize all fish offal, waste, dogfish, &c., within a reasonable distance from the works, so as to yield the best possible pecuniary results, and to effectively dispose of the fish offal, &c., from the canneries, especially those on and near the Fraser river, which had threatened to be seriously detrimental to the fisheries and general health there.

The passage of the order in council in July last enabled the manager of the reduction works to negotiate with the banks for sufficient money to operate, and as there was a good run of salmon last year the works met with no loss, and no claim

was made on the department. This season, however resulting in a small run of salmon, sufficient offal was not available to run the works without loss, and the company presents a balance sheet, audited by Messrs. Deliotte, Plender, Griffiths & Co., chartered accountants of London, England, after an examination of the books of the company, kept in London, and copies of those kept at Vancouver, which were audited by Messrs. M. J. Crehan & Co., chartered accountants in that city, showing a loss for the year ended September 12, 1906, of £5,575 3s. 3d., equal to $27,132.46.

Under the agreement the department, if it so decides, could demand a full examination of the books, vouchers and returns of the company, showing the profits or losses of such operations.

I inclose herewith a copy of the balance sheet and profit and loss account with the books of the company kept in London, and with copies of the books kept at Vancouver, which have been audited by Messrs. M. J. Crehan & Co., chartered accountants of that city, for your information.

As the books and vouchers in support of this statement are in British Columbia, I am not in possession of sufficient detail to make what I would consider a satisfactory audit, but as the statement supplied is certified by chartered accountants of London, England, and Vancouver, B.C., I am to request you to be good enough to examine the same and signify whether in your opinion the government would be justified in paying the guarantee under the order in council and agreement on the balance sheet and statement submitted.

If you do not consider the department justified in paying the guarantee under the order in council and agreement, on the balance sheet and statement submitted, I am to request you to inform me whether you could not send an officer of your department to British Columbia to examine the books and vouchers of the company to ascertain whether the audit submitted by the chartered accountants referred to is correct, and whether in your opinion the guarantee should be paid.

I also inclose you a copy of the agreement with the Pacific Oil and Guano Company, Limited, of Vancouver.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, December 14, 1906.

SIR,—I have the honour to acknowledge receipt of your letter of the 5th inst. with reference to a claim of the Pacific Oil and Guano Company, Limited, of Vancouver, for compensation for loss sustained in the operations of the said company in British Columbia in accordance with the provisions of a contract with your department dated September 12, 1905, in which you ask me if I consider the department justified in paying the amount claimed, upon the audit of the accounts made for the company by a chartered accountant.

As you are aware, the staff of this office is fully occupied at present getting the report of last year ready for the printer, so that I have not been able to have the statement you have sent me examined as closely as I think necessary. I presume though there is no immediate hurry, and the claim may stand for a few months. In the meantime, I shall be obliged if you will send me all reports and other documents in connection with the work done during the year for which claim is made, which have been sent you.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 17, 1906.

SIR,—In reply to your letter of the 14th inst., on the subject of the claim of the Pacific Oil and Guano Company, Limited, of Vancouver, for compensation for loss sustained by the said company, in accordance with the provisions of a contract with this department under authority of an order in council, and asking for all reports and other documents in connection with the work, which have been sent to this department, I may say that there is no information on file in this department connected with the claim other than that which has already been forwarded to you.

With regard to the closing paragraph of your letter, I may say that Mr. Kinnell, managing director of the company, was in Ottawa some days awaiting a settlement of the case; but is at present in Montreal, and has been communicating with the department by telephone as to the standing of the question. He expresses himself as willing to supply any information that may be required, and is extremely anxious for business reasons to have the matter closed as soon as possible.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, December 22, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th inst. with further reference to the claim of the Pacific Oil and Guano Company, Vancouver, for compensation for loss sustained in the operations of the company during last year, under the terms of a contract with the department dated September 12, 1905, in which you state that there is no information on file in the department connected with the claim other than that which has already been sent me.

Considering the provisions of the contract, this statement is rather surprising.

Under the articles of agreement the company bound itself to operate two plants of its works—the engines, boilers, reduction and guano dry machinery, &c., &c.....and to utilize all raw material from fish offal, dog fish, &c., &c., from the canneries and all other available sources, in and after such manner as shall yield the best possible commercial results and pecuniary returns, and to effectively dispose of the cannery fish-waste, offal, &c., especially on and near the Fraser river; and that the department may know that these provisions had been fully carried out, the contract further provides that facilities be given for such departmental supervision as may be necessary and the thorough inspection daily or at short intervals by a fisheries inspector or other Dominion official of the works and the actual operations carried on therein.

The Dominion official therein referred to is further empowered to make a full examination of all books, vouchers, &c. showing the profits or losses on such operations.

Has not the department exercised its rights under these provisions of the contract, and if so, are not the reports of its own officer on the transactions in question in the department?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 5, 1907.

SIR,—I enclose herewith a statement rendered by Mr. T. F. E. Kinnell, of the Fraser River Oil and Guano Company, Limited, who has a contract with the department in connection with the operation of the works, by which the company is guaran-

teed against loss up to a maximum amount of $10,000 a year. Also a statement of Messrs. J. Kendall & Co., of Vancouver, chartered accountants, showing a loss for the year ending September 12, 1907, amounting to $30,142.58. Also a copy of a letter received from Mr. C. B. Sword, inspector of fisheries, New Westminster, reporting on the operation of the plant in question.

In this connection, I may say that Mr. H. B. McGiverin, solicitor for Mr. Kinnell, is pressing the department for the payment of $10,000 guarantee, and before any action is taken in the matter I am forwarding you copies of the correspondence in the matter.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 7, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst., with reference to a claim for $10,000 made by Mr. T. F. E. Kinnell, representing the Fraser River Oil and Guano Company, Limited, being a subsidy which he considers the company is entitled to under the authority of an order in council of July 22, 1905, and an agreement with the department of September 12 of the same year, entered into under the provisions of this order in council.

As you will remember, there was some correspondence about a similar claim last year, to the payment of which I was unable to certify in the absence of any report from an officer of your department as to the manner in which the operations of the year had been carried out and the successful removal of the fish offal from the canneries on the Fraser river. The order in council to which I have referred urges as the chief reason for granting the subsidy, the removal of the fish offal, so as to prevent the canneries depositing it in the water ' to the detriment of the fisheries and the general health of the community.' But, you will observe that, according to the report sent in by Mr. Sword, inspector of fisheries at New Westminster, the offal of three of the Fraser river canneries was not removed by Mr. Kinnell's company, one of these canneries being, I am informed, as large as any operating on the Fraser river.

Mr. Sword further reports that the offal of these three canneries was disposed of by hauling it out to sea, though, as I understand the agreement, the company bound themselves absolutely to 'operate two plants of the works of the said company (one at Ladner and one at Howe Sound)....and to utilize *all* raw material from fish offal, dogfish, waste or coarse fish of all kinds, fish refuse, &c., from the canneries and all other available sources, &c., &c.,' presumably on the ground that arrangements had previously been made with the canneries for the removal of the offal, &c.

Under these circumstances, and as I interpret the order in council and the agreement founded thereon, Mr. Kinnell's company have failed in fulfilling their share of the agreement in so far as the whole offal, fish refuse, &c. was not removed by them and treated at their plant, and also in respect of the non-operation of the plant at Howe Sound.

So far therefore as I am concerned, I cannot see my way to certify to the payment of the subsidy for the work of the summer of 1906 for the reasons stated in previous correspondence, nor for the work of 1907 for which the claim is now before you.

As, however, the company may be entitled to some portion of the subsidy, I would suggest that the whole circumstances of the case be placed before the Governor in Council so that an equitable decision as to the portion of the subsidy the company is entitled to may be given.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fishries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 10, 1907.

SIR,—I have to acknowledge the receipt of your letter of the 7th instant, regarding the claim of Mr. T. F. E. Kinnell, representing the Fraser River Oil and Guano Company, Limited, for the subsidy to which he considers the company entitled under the authority of an order in council of July 22, 1905, and an agreement with this department of September 12 of the same year.

I note that you cannot see your way clear to certify the payment of the subsidy for 1906, as well as for 1907, for reasons therein given, and you suggest that the matter be referred to the Governor General in Council for an equitable decision as to the portion of the subsidy to which the company is entitled.

With regard to the subsidy for the year 1906, I may say that it was paid to Mr. Kinnell on an expression of your satisfaction with the terms of a memorandum which was submitted to you, of which the following is a copy:—

'The Inspector of Fisheries for district No. 1, British Columbia, in which these works are situated, reports that a fair valuation of the plant on which the claim is made under the order in council and contract with the company—but not original cost—is $90,000; that a reasonable amount of product, at a reasonable value, was secured from the material available; and that the loss was due to lack of sufficient fish offal to insure profit.

'He also reports that the books of the company show a reasonable loss in excess of $10,000.

'The conditions of the contract having thus been complied with, the amount of the guarantee up to $10,000 has been earned, and it is recommended that it should be paid at once.

'See also certificate balance sheet of chartered accountants.

(Sgd.) 'R. N. VENNING.'

This memorandum was submitted to the minister with my note thereon, to the effect that if you were satisfied with the audit made, I recommended it for the minister's approval, and it was initialed by him.

This memorandum was shown you and you wrote upon a slip of paper, which is attached thereto on file: 'Mr. Venning's certificate, which he has shown me, will be satisfactory. J. Fraser.'

In view of these facts, I should be obliged if you would state whether the reference you now suggest to the Governor in Council should include only the claim to subsidy for the present year.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 14, 1907.

SIR,—I have to acknowledge receipt of your letter of 10th inst. in reference to claim of T. F. E. Kinnell representing the Fraser River Oil and Guano Company.

With reference to the payment for 1906, I beg to say that when I accepted Mr. Venning's certificate as satisfactory, it was on the strength of the clause which stated: 'The conditions of the contract having thus been complied with the amount of the guarantee up to $10,000 has been earned, and it is recommended that it should be paid at once.'

I am now informed that the conditions of the contract were not complied with. The whole of the offal from the Fraser river canneries was not removed by Mr. Kinnell

and used in the reduction works, and therefore the full revenue which might have been derived from the use of this offal was not obtained. I am informed that Mr. Kinnell also failed to operate a plant at Howe Sound. This failure on his part may have led to a further loss by the company; whether it did or not, I am not prepared to say. There may have been good reasons why this was not done, and also why he did not obtain all the offal from the Fraser river canneries, but as I have no information as to any action on the part of your department to compel a fulfilment of the contract or to release Mr. Kinnell from the performance of such portions of the contract as it may have been considered advisable, I am obliged to ask for the consent of the Governor in Council to such release, as it was not optional with the department to waive these conditions after the contract had been duly entered into.

I might also say that when I agreed to the payment for 1906 on such information as was furnished me and the certificate of Mr. Venning that the terms of the contract had been fulfilled, I supposed that in view of the difficulties in passing the payment which then existed, some steps would have been taken to have the business of 1907 put on a more satisfactory basis.

I think, therefore, that as an order in council is necessary for the payment of the subsidy for 1907, it would be advisable to include the payment for 1906 as well.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Extra Allowance for Cement paid to C. Strubbe.

AUDIT OFFICE, OTTAWA, February 21, 1907.

SIR,—I beg to ask for explanation of a payment of $100 made to C. Strubbe by cheque 9168a of the current fiscal year for 'extra allowance for cement.'

No further particulars have been sent me in regard to this payment, and I shall be obliged if you will give the matter your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

DEPARTMENT OF MARINE AND FISHERIES, February 22, 1907.

DEAR SIR,—In reply to your letter of the 21st instant, requesting an explanation of a payment of one hundred dollars made to Mr. C. Strubbe by cheque 9168a of the current fiscal year for 'extra allowance for cement,' I have to inform you that a settlement was made with Mr. Strubbe in connection with his account for one thousand barrels of cement delivered at Quebec. In his account he charged eight per cent for overweight, but the department deducted one hundred dollars from the amount.

The department at first admitted the overweight, but in the final settlement instead of paying Mr. Strubbe $737.18 paid him only $637.18, with the expectation that Mr. Strubbe would accept this amount, but he declined to do so, consequently the department paid the hundred dollars on the ground that the overweight had been admitted.

Yours truly,

The Auditor General. F. GOURDEAU.

AUDIT OFFICE, OTTAWA, February 26, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant in explanation of a payment of $100 to C. Strubbe, Montreal, for 'extra allowance for cement' to which I called your attention by letter of 21st instant.

The statement of account, to which you refer as having been sent the department by Mr. Strubbe, in which he claimed eight per cent for overweight, has not been sent me. I do not understand how a claim for overweight could arise, in view of the fact that the cement was purchased by the barrel, and, I presume, as in other purchases from Mr. Strubbe, was shipped direct from the cement works at Hull, Quebec.

It is, it seems to me, in view of the exceptional nature of this claim, necessary that the account presented by Mr. Strubbe and the correspondence in connection therewith should be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT, OTTAWA, March 4, 1907.

SIR,—In reply to your letter of the 26th ultimo stating that the statement of account to which I refer as having been sent the department by Mr. Strubbe, in which he claimed eight per cent overweight, has not been sent you, I herewith inclose the statement as presented by Mr. Strubbe. The overweight refers to the difference between the weight of a barrel of English cement and a barrel of the international cement furnished by Mr. Strubbe. There should be no difficulty in understanding this point by persons familiar with the different kinds of cement.

I inclose you some copies of the correspondence. You will see by this correspondence that Mr. Strubbe stated that he would withdraw his settlement and claim $432.82. He furthermore stated that he would carry the case to court, and the department on the strength of the fact that the cement furnished by him weighed 8 per cent more per barrel than the English cement, paid him $200 altogether for overweight. One hundred dollars of this amount was included in the cheque for $637.18, and the balance was the $100 which you are now inquiring about.

Yours faithfully,

The Auditor General. F. GOURDEAU.

AUDIT OFFICE, OTTAWA, March 13, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, inclosing 'some copies of the correspondence' which has passed between the department and Mr. Strubbe with reference to a payment made him during the current fiscal year of $200, as 'extra allowance' on one thousand barrels of cement delivered at Quebec. This extra allowance appears to have been claimed by Mr. Strubbe for the reason that there was an overweight of 8 per cent in the quantity of cement delivered by him. The correspondence does not show in what manner and by whom this overweight was verified.

How was the cement delivered at Quebec—in bags or in barrels? Was each bag or barrel weighed under the supervision of your agent, and if so, has he kept a record of the weights ascertained? If not tested by actual weights, please let me

know in what manner you satisfied yourself that the claim of Mr. Strubbe for overweight was well founded and that the department received cement to the quantity claimed by him in excess of what he should have delivered in accordance with the order given him for one thousand barrels of cement to be delivered at Quebec.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Employment of Expert Accountants.

AUDIT OFFICE, OTTAWA, February 26, 1907.

SIR,—I beg to bring to your notice a payment of $9,445.24, made to Mr. K. Falconer by cheques 7648a and 9201a of the current fiscal year from the vote for maintenance of lights.

The voucher rendered by Mr. Falconer in support of this payment includes services of nineteen different persons for various periods to November 30, 1906, at rates of pay varying from $75 per diem to $3.50 per diem and two stenographers at $9.50 a week each.

In addition to the remuneration for services there are charges for living allowances and transportation.

I shall be obliged if you will let me know the authority under which the daily remuneration rate and the rate for living has been granted. It seems to me an undertaking of this nature—as I presume the services in question are those rendered by the expert accountants at present employed in your department—should be sanctioned by Order in Council.

Mr. Falconer, in giving the details of time for each of the accountants employed by him, gives the number of hours, but does not state the fixed number of hours which constitute a working day. He should be asked to do so, and also to supply dates and the number of hours worked each day. It will be necessary also to furnish details of transportation and living expenses in accordance with the Order in Council of February 6, 1893, and receipts from each one of the accountants for the amounts paid to him.

I take it for granted that it is your intention to ask Parliament in the supplementary estimates of the current fiscal year for special provision for this work, and that the charge against the vote for maintenance of lights is only temporary.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Additional Wharf Accommodation at Québec.

AUDIT OFFICE, OTTAWA, March 1, 1907.

SIR,—I beg to ask for explanation of a payment of $786.60 to Archer & Co., Quebec, by cheque 6786a of the current fiscal year for 'landing 3,000 tons of steam coal on Commissioners' wharf for use of steamer *Montcalm*, and for storage of coal during the month of December, 1905, January, February and March, 1906.

Please let me know the circumstances under which this claim was accepted by the department as a proper charge against the steamer *Montcalm*.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 30, 1907.

SIR,—With reference to your letter of the 1st March last, asking for an explanation of a payment of $786.60 to Messrs. Archer & Co., Quebec, by cheque 6786a, during the current fiscal year for landing 3,000 tons of steam coal on the Commissioners' wharf for the use of the steamer *Montcalm* and for storage of the coal during the month of December, 1906, January, February and March, 1907, I beg to say that Mr. Gregory reported that this coal had been purchased by the late Minister.

The conditions were that the department should pay for the unloading and storage until the coal was all delivered.

The price agreed upon was $4 per ton on board the vessel, but the work of unloading the coal at 7½ cents per ton and the storage at 10 cents per month brought the cost of the coal to $4.26.

It will be seen that the total cost of $4.26 a ton is reasonable, as the government would have had to pay $5 per ton by purchasing the coal in Quebec when required during winter.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 2, 1907.

SIR,—I beg to ask for explanation of a payment of $87.50 by cheque 2055a of the current fiscal year to the Quebec Harbour Commissioners for rent of coal space from November 1, 1905, to March 31, 1906.

This payment has been charged against the steamer *Montcalm*, and I consider it necessary that the circumstances or conditions under which it was necessary to hire coal space from the Harbour Commissioners should be made known to me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 30, 1907.

SIR,—With reference to your letter of the 2nd of March last, asking for an explanation of a payment of $87.50 by cheque 2055a of the current fiscal year to the Quebec Harbour Commissioners for rent of coal space from November 1, 1905, to March 31, 1906, I beg to say that the coal was all used by the *Montcalm*, which is obliged to coal at the Harbour Commissioners' wharf during the winter months, as she cannot go to the King's wharf during that season.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 13, 1907.

SIR,—I beg to ask for explanation of a payment of $625 by cheque 7165a of the current fiscal year to the Quebec Harbour Commissioners for six months' rent of

Reynan's wharf and half the school tax, to October 31, 1906.

Is not this a new expenditure, and if so please let me know the circumstances under which the increased wharf accommodation at Quebec was rendered necessary ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 3, 1907.

DEAR SIR,—In reply to your letter of the 13th ultimo, inquiring the circumstances under which the increased wharf accommodation at Quebec was rendered necessary, I have to inform you that the King's wharf at Quebec was not large enough for the requirements of the department, consequently it was necessary to lease the adjoining wharf to give all the wharfage facilities for steamers, coal, buoys, &c., required.

Yours truly,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Were Supplies Purchased on Tenders Publicly Called for?

AUDIT OFFICE, OTTAWA, March 14, 1907.

SIR,—I find that, in many instances, the vouchers sent me in support of expenditure during the current fiscal year for the maintenance of lights are certified by Mr. Stumbles of the department 'prices according to tender.'

Were the tenders in question sent the department in response to public advertisement, or were they merely as a consequence of requests sent out by the department to a certain number of merchants?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, April 2, 1907.

SIR,—In reply to your letter of the 14th ultimo, inquiring whether the accounts certified by Mr. Stumbles 'prices according to tender' were in response to public advertisement, or merely as a consequence of requests sent out by the department to a certain number of merchants; I have to inform you that in some cases tenders were invited publicly, and in other instances letters were sent to different merchants requesting them to tender on the articles mentioned.

In either case, the prices quoted are considered tender prices by the department, as the merchants tendered their goods at the prices quoted in competition one with the other.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 2, 1907.

SIR,—I find on examination of the vouchers so far sent me in support of expenditure during the current fiscal year that the following payments were made in connection with the maintenance of the steamer *Montcalm*:—

F. X. Drolet	$11,188 49
Adolphe Huot	4,612 06
Samson & Filion	2,258 55

The accounts rendered in each instance are certified 'prices fair and just'; but in view of the amount involved for a period of six months, I should like to know if there was any agreement with the business firms concerned as to the price at which the various articles would be supplied. It would seem from the accounts rendered that tenders had not been called for.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 8, 1907.

SIR,—I beg to bring to your notice two accounts rendered by the Sherwin-Williams Company, Montreal, for paint, oils, &c., amounting to $3,158.06, paid from the vote for maintenance of lights above Montreal, during the current fiscal year. One of these accounts ($582.31) is certified 'prices fair and just' by Mr. M. Brais, and the other ($2,575.75) 'Prices according to tender,' by Mr. W. W. Stumbles.

Were tenders called for by public advertisement, or if not, in what manner were the tenders invited?

I am, sir,

Your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 11, 1907.

DEAR SIR,—In reply to your letter of the 8th of March relating to paint purchased from Sherwin-Williams and the certificate of Mr. M. Brais on the account amounting to $582.31 and the certificate of Mr. W. W. Stumbles on the other account for $2,575.75, I have to inform you that tenders were invited by letter from a number of paint manufacturers and the account was certified according to tender by Mr. Stumbles because the prices were asked and sent into the department in reply to a request.

The other paint was ordered directly for the Parry Sound depot under a requisition made to the department.

Yours truly,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 11, 1907.

SIR,—During the current fiscal year, so far as the vouchers sent me show, payments for sundry lighthouse supplies have been made to Mr. J. B. Coté, Quebec, to the amount of $2,330, from the vote for maintenance of lights, Quebec. The certificate given in

every instance is 'prices fair and just,' and I should like to be informed if tenders were called for in connection with the supplies in question, or if not, whether there is any special agreement with Mr. Coté in regard to the prices he is to charge.

I am, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 17, 1907.

SIR,—In reply to your letter of March 11, relating to supplies of tinware furnished for lighthouses by Mr. J. B. Coté of Quebec, amounting to $2,330 paid from the vote for maintenance of lights, Quebec, I have to inform you that for all new work the agent at Quebec states that the prices were specially agreed upon and are lower than other offers for similar work. For the repairing of oil tanks, lamps, &c., no prices can be fixed. The accounts, however, are examined and certified if found 'fair and just.'

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 8, 1907.

SIR,—I beg to call your attention to the payments made to Lewis Bros., Ltd., Montreal, for hardware supplies, from the appropriation for maintenance of lights above Montreal, amounting to $3,853.51, as shown by the vouchers of the current fiscal year sent me, to date. These vouchers are certified in every instance 'prices fair and just,' but in view of the quantity purchased—$725.93 and $1,757.69—being two separate orders included in the total amount, I should like to be informed if tenders were called for or if any arrangement was made by your agent as to prices to be charged, before the orders for purchase were given.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 11, 1907.

SIR,—With reference to the lighthouse supplies purchased during the current fiscal year from Wm. Doyle, Quebec, to the amount of $923.81, from the vote for maintenance of lights, Quebec, will you please inform me if the prices paid were determined from tenders called for by public advertisement, or if they are the ordinary retail prices.

Probably it would obviate the necessity of considerable correspondence if you would cause to be sent me a list of the contracts the department has entered into for lighthouse and other supplies, or in connection with any other expenditure, of the current fiscal year, giving in each case the name of the contractor and any other particulars necessary to the identification of the payments made, with the contract governing the price.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 15, 1907.

SIR,—Referring to your letter of the 11th ultimo, relating to supplies purchased from Messrs. William Doyle of Quebec, amounting to $923.81 for the last fiscal year, I have to inform you that tenders were invited by letter for some of the articles. The prices in the account of Messrs. Wm. Doyle correspond with the tender prices so far as they go. The prices quoted were per gallon and hundred weight and in some instances less quantity was purchased than the hundred weight.

With regard to the other items in connection with maintenance the orders were for very small items at retail for which no tenders had been accepted. These as the accounts show were purchased in small quantities at a time and required for immediate use.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 26, 1907.

SIR,—During the current fiscal year, so far as the vouchers sent me show, there have been purchased from N. Willard & Co., Prescott, hardware supplies to the amount of $1,972.25, the accounts for which are certified 'prices fair and just.' Are the prices so certified the ordinary retail prices or prices determined from tenders sent the department by various persons in the hardware business?

In connection with supplies for Prescott and the provisioning of the boats employed on the St. Lawrence above Montreal, I should like to be informed if the prices paid have been in any instance determined by tenders publicly called for.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Supplies for Tenders were publicly called for.

AUDIT OFFICE, OTTAWA, July 8, 1907.

SIR,—According to the accounts sent me for advertising, charged against the vote for construction of lights for the year 1906-7, I find that tenders for the following supplies were publicly called for:—

Coal for Prescott depot;
Steel towers;
Stone for Presque Isle;
British Columbia fir and oak;
Hoisting engine, &c., for Parry Sound scow;
Surf boats.

I should like to be informed, at your earliest convenience, to whom the contract in each of these instances was awarded and the amount of the accepted tender.

If the lowest tender in each or any case was not accepted, please let me know the grounds upon which it was rejected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, July 11, 1907.

SIR,—Referring to your letter of the 8th instant, inquiring with whom contracts were made in the cases of purchasing coal for Prescott depot, steel towers, stone for Presque Isle, British Columbia fir and oak, hoisting engine, &c., for Parry Sound scow and surf boats, I have to inform you that the contracts were made as follows:—

Coal for Prescott with James Buckley—

Slack coal	$3 50
Scranton screened coal	5 75
Blacksmith coal	5 00
Soft coal	4 50

Steel towers with Gould, Shapley & Muir, of Brantford, Ont.—

Three sections	$502 80
Four sections	668 50

British Columbia fir and oak—Fir with the Brockville Lumber Co.—

Fir for scows	$48 per M.
Fir for piers	42 per M.
Fir for shipyard	42 per M.
Oak with T. Prefontaine, for	58 per M.
Hoisting engine, &c., for Parry Sound scow, with the Canada Machinery Agency, for	$3,000 00

Surf boats, with the Vancouver Ship Yard, Ltd.—

Three self-bailing surf boats, each	575 00

Stone for Presque Isle.—No tender was accepted, as they were all too high. The department entered into a contract for a much lower price per cord than the tenders.

The lowest tender in every case was accepted.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Balance Claimed on Construction of Lighthouse at Grosse Roche.

AUDIT OFFICE, OTTAWA, June 26, 1907.

SIR,—With reference to a cheque of $800 issued during last year (No. 5833a) in favour of J. U. Gregory, to pay balance claimed by Albert Roy on his contract for the erection of a lighthouse at Grosse Roche, I beg to point out that no definite certificate has been sent me that the work was satisfactorily performed, and consequently the claim justly due.

According to the file sent me, the local inspector, Mr. Xavier Chamberland, and the resident engineer at Quebec, Mr. Parent, reported more than once that the work done was not according to specification, and in some instances the materials used by Mr. Roy were of an inferior quality. Mr. Parent also reports that there were complaints that the men employed by Mr. Roy were not paid.

As Mr. Gregory seems to have endorsed the cheque for $800 in favour of Mr. Roy's attorney, I should like to be informed what precaution the department has taken to secure the government against any claim that may be made by the labourers or other workmen employed by Mr. Roy?

Did Mr. Roy finally complete his contract to the satisfaction of the department, and if so, will you please cause to be sent me the certificate made by your officer to this effect?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Hardware Supplies from Beauchemin & Co., Sorel.

AUDIT OFFICE OTTAWA, July 13, 1907.

SIR,—Last year, 1906-7, there was paid to Beauchemin & Co., Sorel, from the vote for construction of lights, for hardware supplies and repairs, $3,079.01. The vouchers sent me in support of the various amounts making this total are certified by Mr. Boucher, the agent of marine at Montreal, 'prices fair and just,' from which I take it that no tenders were called for or contract entered into for the work or supplies in question.

The supplies include a horizontal marine boiler for pile driver, $400; two double steel doors, $500; two single steel doors, $250; and two iron body brass mounted fire hydrants, $150. In the absence of tenders for these supplies and for the various other hardware articles received during the fiscal year 1906-7 from Beauchemin & Co., I beg to be informed of the steps taken by the department in regard to inquiry from other firms, to ascertain the reasonableness of the prices paid for them.

Has any investigation or inquiry been made by the department as to the practicability of having these repairs done at the government shipyard at Sorel?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, September 19, 1907.

SIR,—With further reference to your letter of July 13, last, stating that various sums amounting to $3,079.01 were paid to Messrs. Beauchemin & Co., Sorel, out of the appropriation for construction of lights, for hardware supplies and repairs, and inquiring if tenders were called for or contracts entered into for the work or supplies in question; I beg to forward herewith a copy of a letter received from the agent of the department in Montreal, explaining how these things were purchased.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MONTREAL, July 19, 1907.

SIR,—In answer to yours of the 16th instant No. 19506, and in answer to inquiries from the Auditor General as to the amount paid to Beauchemin & Co., Sorel, I beg to report that the horizontal marine boiler for pile driver was bought at $400 after the Assistant Chief Engineer and myself had asked a price from M. M. Beauchemin & Co., and that the boiler had been tested by the boiler inspector of Sorel, Mr. Rondeau, who told me that such a boiler could not be duplicated for twice the money.

The steel doors weigh from eleven to twelve hundred pounds with all brass fittings; there is a lot of waste in cutting steel for such doors and what prevented us from asking for tenders is the fact that they are not all identical and the Messrs. Beauchemin & Co. delivered them whenever wanted.

In building concrete piers we have from forty to fifty men. Any delay in delivery of the door would have the effect of stopping work and this gang of men may have been idle for two or three days.

Nothing of the kind happened with this system of ordering these steel doors.

The two fire hydrants were paid $70 each, that is to say, the same price as Beauchemin & Co. sell them to the city of Sorel.

All these repairs are now all done at the shipyard of Sorel, except in cases of emergencies when Mr. Desbarat's men cannot attend to us on account of too much work.

Hoping these informations to be complete.

I remain, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. (Sgd.) U. P. BOUCHER.

Asbestos Boiler Coverings from James J. Murphy.

AUDIT OFFICE, OTTAWA, October 5, 1907.

SIR,—I beg to bring to your notice vouchers 6111a and 12586a rendered by James J. Murphy, Quebec, and paid during the fiscal year 1905-6.

On the first of these vouchers a charge is made for 'three only, 50 horse-power removable covers with bands complete at $195.' This voucher is signed by Mr. P. E. Parent, the resident engineer at Quebec, by Mr. A. E. Beauchemin, assistant inspector of government steamers, and certified prices fair and just by Mr. Gregory, agent of Marine and Fisheries at Quebec. The claim was paid in full by your department.

In the second voucher a charge is made for 'three 25 horse-power special asbestos boiler and dome coverings with metal bands at $139,' but this price has been reduced to $81.10. A further reduction has also been made from this account of $177, being an overpayment made on voucher 6111a—the price of the removable covers having been reduced from $195 to $136.

Now the point to which I wish to call your attention is the acceptance of the account in the first instance by the officers of your department at Quebec.

Did these three gentlemen certify in ignorance of the price that should have been charged, or if not, what share of responsibility attaches to the signature of each ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 22, 1907.

SIR,—In reply to your letter of the 5th instant with reference to certain payments made to J. J. Murphy, Quebec, for boiler covers, I am to inform you that the department had an agreement with the Sclater Company to supply covers at $136, at Montreal, and at the same time Mr. Murphy charged $195. When the account for these covers at $195 was received, certified by the agent of the department that the prices charged were fair and just, the engineer in charge of the construction understood

that the price was in excess of the agreement made with Sclater Company, but passed the account with the intention of adjusting the matter when the account for more covers, which had been purchased from Murphy was received. Consequently, the last lot of covers was paid for at the same rate as per Sclater's agreement and a deduction made to adjust the former account.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Stone purchased from Alfred Beauchemin & Co.

AUDIT OFFICE, OTTAWA, October 21, 1907.

SIR,—I beg to bring to your notice a voucher—12804a—rendered by Alfred Beauchemin & Co. for broken stone and filling stone for the St. Lawrence river construction works delivered on the wharf at Sorel during the summer of 1906. The account so rendered is headed:—

Final Settlement,

and makes claim for $976.59, balance due on the season's transactions, which has been paid.

According to the vouchers sent me at various times during the fiscal year 1906-7 and the payments made thereon to Mr. Beauchemin, 9,300 tons of stone were paid for on the certificate of the resident engineer of your dpartment. In this final settlement, to which I desire to call your attention, only 7,363 tons are allowed for payment. Why, then, did your engineer at Sorel certify to the larger quantity, as shown by the various accounts rendered during the year?

Please let me have a copy of the contract with Beauchemin & Co. under which this stone was supplied.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 5, 1907.

SIR,—In reply to yours of the 21st ult. with reference to payment for broken stone supplied by Alfred Beauchemin & Co., for St. Lawrence river construction works, I would say that the tender of Messrs. Beauchemin & Co. was to deliver the stone on their wharf at Sorel, free of wharfage, and payment was made from time to time as the resident engineer measured up the stone in bulk on the wharf, due precaution being taken that no stone was measured twice. At the close of the season, a quantity of stone, measured as 1737 tons, remained on the wharf, which it was found could not be used during the fiscal year, and the value of this was deducted from an amount due Messrs. Beauchemin & Co. for other items in connection with the same work, as shown on voucher 12804a. The reason for so much stone being left unused was that the proposed work at Port St. Francis was postponed owing to shortage of cement.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Re *Fisheries Revenue.*

MARINE AND FISHERIES DEPT., OTTAWA, March 14, 1907.

SIR,—Adverting to your letter of November 16 last, stating that while the fishery revenue for the fiscal year ended June 30, 1906, showed a net increase of $3,125.39 over the previous year, there was a falling off in the revenue of different provinces of the Dominion, and asking to be informed of the reasons for the decreases in the various provinces, I beg to state as follows:—

Inasmuch as remittances from the various Inspectors of Fisheries, particularly on account of fishery licenses, are often some months behind, owing to the dates at which the different fishing seasons in different parts of the provinces open and close, a statement of the revenues received for any one fiscal year is apt to be misleading. In your letter a deficiency of $1,779.15 is shown in district No. 3, Nova Scotia, as compared with the previous fiscal year; but on reference to the accountant's branch of the department I find that remittances on account of licenses issued early in the calendar year 1906 were not made to the department until after the close of the fiscal year, and the total receipts on account of licenses for the calendar year 1906, as compared with those of 1905 for the whole province of Nova Scotia, show a deficiency of only $1,367.50, which is readily accounted for by the fact that the fees on trap net licenses were very substantially reduced last year.

I inclose statement of the revenues recived at this department for the calendar years 1905 and 1906, which shows an increase in the receipts on account of licenses and fines; but such is more than balanced by a large diminution in the amounts received on account of sales, resulting in a deficit for the calendar year 1906, as compared with that of 1905, of $1,353.32.

You will readily appreciate that the amount received on account of sales of confiscated goods and otherwise may be large or small in any particular year, according to the conditions obtaining therein.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Re *Dominion Steamers Revenue.*

AUDIT OFFICE, OTTAWA, April 18, 1907.

SIR,—The following deposits and returns on account of Dominion steamers revenue have so far reached this office:—

Steamers.	Deposits.	Returns.
Champlain	$ 3,787 90	$ 3,787 90
Minto	6,703 24	3,924 76
Stanley	4,854 05	4,441 47

I have to ask that you will kindly forward the balance of returns required to cover the deposits made on account of steamers *Minto* and *Stanley.*

Your agent at Quebec still continues to make one deposit each month covering the earnings of the steamer *Champlain* for the previous month. Correspondence in reference to this steamer will be found in my report for the last fiscal year, on page P—261, in answer to my letter asking if there was anything to prevent the purser from depositing his collections at Murray Bay from time to time as repuired by the

Treasury Board regulations. You replied that instructions were being forwarded to the agent at Quebec to have that done. Kindly let me know why the change has not been made.

I am, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 23, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, having reference to the returns and deposits in connection with Dominion steamers revenue.

In reply I am to inform you that the returns in question will be transmitted to you with the March supplementary return of marine revenue, they having been received after the March return was forwarded.

With reference to the deposits on account of the earnings of ss. *Champlain*, I have to say that the agent of the department at Quebec was instructed to deposit the amounts when received. In connection with the earnings for March he deposited on March 19 and 20 and April 9. This return will also be with the March supplementary referred to above.

Trusting this will be satisfactory.

I have the honour to be, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Re *Harbour Dues.*

AUDIT OFFICE, OTTAWA, May 30, 1907.

SIR,—Notwithstanding the large number of harbours under the control of your department only ten harbour masters have so far reported surpluses over the remuneration allowed them for their services for year ended December 31, 1906.

From the directions given on the departmental form supplied for making returns, I assume that you require all harbour masters to forward immediately after December 31 in each year a sworn return of the dues collected for the year.

I have to ask that you will kindly furnish me with a certified statement, giving the name of each harbour, the harbour master, the amount collected and the remuneration allowed for the last calendar year.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 6, 1907.

SIR,—In reply to your letter of 30th ultimo, in which you ask for a certified statement of returns received from harbour masters for the year ended December 31, 1906, I have the honour to inclose a copy of the statement asked for, which shows that there were only ten harbour masters that collected fees in excess of the remuneration allowed them for their services.

I have the honour to be, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

Re *Wharfs and Piers, Ontario.*

AUDIT OFFICE, OTTAWA, June 10, 1907.

SIR,—I beg leave to draw your attention to the following remarks in reference to wharfs and piers, Ontario, for the fiscal period ended March 31, 1907:—

Blind River.—The wharfinger at this wharf reported his collection for July as $190.62—an error in addition showed the correct amount to be $200.62. As the remuneration allowed is 50 per cent of the collections, there is still a balance of $5 due to the department.

Goderich.—Returns have come to hand each month, on eight of which the wharfinger says no collections were made. The only revenue collected was on July 30, and the net amount deposited was $3.65 or $334.20 less than came to account for the same time during the previous fiscal year. I shall be glad to know the reason for this large decrease.

Port Findlay.—The wharfinger's returns do not give sufficient details; lump sums are given for the collections made every two months; the collections for 1905 did not reach this office until May 21, 1907. The commission deducted was 50 per cent, while 25 per cent appears to have been the amount authorized. Kindly see that this wharfinger uses the departmental form for making his returns, that they are promptly furnished, and that the amount $42.37 improperly deducted is promptly brought to account.

Summerstown.—According to your letter of January 28, 1900, this wharf was at that time under lease to the corporation of the township of Charlottenburg, and that no revenue was received. I have to ask if this lease is still in force, and if so, does it not call for some return for the privileges granted?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 19, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th inst., *re* Wharfs and Piers, Ontario.

In reply I beg to state that in connection with the wharf at Blind River, where you claim there is a balance of $5 due this department, you will find on referring to the returns from this wharf that in July, 1905, the wharfinger had overpaid $6.13, in August, 1905, he was short $1.13; in May, 1906, he was short $5; in June he overpaid $5, and in July he was short $5, thus balancing his returns.

With reference to the wharf at Goderich, I understand that the railroad had so blocked the roadway that the wharf has not been used for the landing of freight, and until arrangements with the railway are completed there will practically be no wharfage collected at Goderich.

As to Port Findlay, I may say that there was some correspondence relative to increasing the wharfinger's commission to 50 per cent, but the matter dropped without the necessary authority being obtained. I may add that an official of this department will in a few days visit the wharf at Port Findlay for the purpose of straightening out matters there.

With regard to the wharf at Summerstown which was leased to the township of Charlottenburg, I am to state that the lease expired in 1904, after having run ten years and the amount due, $10, was received only a few days ago, and will be forwarded in our next revenue return. The lease is not being renewed.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

Re *Wharfs and Piers.*

AUDIT OFFICE, OTTAWA, June 8, 1907.

SIR,—During the fiscal period ended March 31 last neither cash nor returns have so far come to account from the below mentioned wharfs.

Collections were reported for the previous fiscal year from these wharfs as follows:—

Ontario—Bronte, $18.10; Cockburn Island, $24.40.

Nova Scotia—Cape Cove, $111.25; Port Maitland, $13.27; Victoria, $2.14; Whitewaters, $3.

New Brunswick—Coles Point, $15; Edgett's Landing, $15.77.

Prince Edward Island—Brush wharf, $19.20; Haggerty's Wharf, $9.60; Red Point, $16.55; St. Mary's Bay, $35; South Rustico, $1.80.

While a falling off of the revenue might be expected on account of the past fiscal period only covering nine months, I cannot understand why the wharfingers in charge of these wharfs should not have forwarded returns covering the collections made, or if the wharfs had not been used a return certified to that effect should have been sent.

I shall be glad to have your explanation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 19, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 8th instant, in connection with certain wharfs which made no returns for the fiscal period ended March 31 last.

In reply I beg to offer the following explanations :—

Ontario.

Bronte Wharf.—There are several questions to be settled in connection with this wharf and an officer of this department will visit Bronte to look into matters. One return has come to hand for 1907-8.

Cockburn Island.—There was no wharfinger in 1906-7 one was appointed in April last.

Nova Scotia.

Cape Cove.—This wharf has made no returns for some years. A new wharfinger was appointed in February last. It was Centreville which forwarded $111.25 in 1905-6, not Cape Cove.

With regard to the wharfs at *Port Maitland, Victoria* and *Whitewaters,* I beg to state that inquiries are being made of the agent of this department at Halifax, N.S.

New Brunswick.

Cole's Point and *Edgett's Landing.*—The agent of this department at St. John, N.B., has been asked to explain why no returns have been received from these wharfs for 1906-7.

Prince Edward Island.

With regard to *Brush, Haggerty's, Red Point, St. Mary's Bay* and *South Rustico Wharfs,* I am to inform you that it is extremely difficult to get the wharfingers to understand the necessity for sending in returns when they have made no collections. The wharfs in Prince Edward Island will be visited during the summer by an officer from this department with a view of impressing the wharfingers with the need of sending monthly returns no matter whether collections have been made or not. In the meantime, I am instructing the agent of this department at Charlottetown to report on the above-mentioned wharfs.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

Re *Sault Ste. Marie Wharf.*

AUDIT OFFICE, OTTAWA, February 27, 1907.

SIR,—At this time of writing neither returns nor cash have come to account from Sault Ste. Marie wharf.

The last return to reach this office covers the month of June last, and shows the gross amount collected during that month to be $433.77.

Please explain why returns from the wharfinger were not furnished this office from month to month as required.

Evidently this wharfinger does not carry out the executive regulations governing the deposit of the revenue.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 12, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 27th ultimo *re* revenue returns from the wharf at Sault Ste. Marie.

In reply I have to say that steps had been taken to procure the returns before your letter was received. On February 20 last, Mr. Boyd the wharfinger, promised to complete and forward his returns at once.

His attention has been called to your inquiries, and I fully expect to receive his returns in time to forward them to you with the revenue return for the current month.

I may add that steps will be taken to prevent a recurrence of these delays which, the wharfinger claims, are mainly due to the amount of business he has to look after during the season of navigation.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, May 21, 1907.

SIR,—No returns nor deposits have been received from the wharfinger at Sault Ste. Marie covering the revenue for 1906-7.

In your letter of March 12, you stated that you fully expected to receive these returns in time to forward them with the revenue return for the current month.

The net revenue from this wharf for 1905-6 was $1,873.69, deposited as follows: August 28, 1905, $309.67; October 4, $288.42; November 30, $336.26; May 22, 1906, $416.70; July 11, $230.87; August 7, $291.77.

The officers of your department no doubt kept you informed that this wharfinger was in arrears, and as the amount was considerable, I would like to know what action was taken in reference thereto.

You will appreciate the necessity of taking prompt action without further delay, and I may refer you to the Consolidated Revenue and Audit Act, R.S. chap 24, section 75 and following sections.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 22, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, with reference to wharfage returns from Sault Ste. Marie.

In reply I beg to state that, before the returns from this wharf for 1906-7 can be completed, there is a question relating to the payment of extra help which requires adjusting.

The matter has been under the consideration of this department, and a report, in connection therewith, is now before council.

As soon as the decision of council is received the returns will be completed, and I shall have much pleasure in having them forwarded to you without delay.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, May 25, 1907.

SIR,—I have your letter of the 22nd instant in which you state that before the returns from the Sault Ste. Marie wharf for 1906-7 can be completed, there is a question relating to the payment of extra help which requires adjusting.

It is not clear from your letter whether this wharfinger has furnished you with any deposit receipts covering the revenue he collected. If he has withheld the whole receipts since June last—averaging the previous year about $300 a month—his action has been most objectionable and should not have been allowed.

The wharfinger would have been less open to criticism had he deducted each month what he considered the government ought to pay for the extra help, and deposited the balance; though even that would have been objectionable, and contrary to the Act.

His salary has been increased several times and is now $142 a month, which is to cover all help necessary. Even if further help was necessary, that would not justify him in withholding his receipts.

You state that you have submitted the matter to council and as soon as a decision is received, the returns will be completed.

Presumably you have recommended in your report to council that some allowance should be made him. Without awaiting a decision you should ask the wharfinger to send in his returns and you will be in a position to know how much he is in arrears and then you should insist on a deposit at once.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 29, 1907.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th instant, and in reply beg to state that the returns of wharfage collections from the Sault wharf for July, 1906, to March, 1907 have been forwarded to you in the March Supplementary Return No. 2.

I quite agree with you, that it would have been more satisfactory had the wharfinger advised the department a year ago that it was costing him as much or more for assistance than the amount allowed him as salary, and consequently he was receiving practically nothing for his own services. However, as soon as the department was possessed of the information it gave the matter careful consideration and has, under the circumstances, acted for the best interests of all concerned.

In connection with the above I have the honour to inclose an official application for the issue of a cheque in favour of Mr. G. A. Boyd, wharfinger at the Sault for $710.56 in accordance with the order in council of the 20th inst.

I may add that steps are being taken to provide in the future for the remuneration of the wharfinger, and also to pay for any extra help required as well as to leave sufficient margin to secure a satisfactory revenue for the department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, June 3, 1907.

SIR,—I have received your letter of the 29th ulto. inclosing application for $710.56 in favour of G. A. Boyd, wharfinger at Sault Ste. Marie in payment for assistance, as per order in council of May 20, 1907.

The returns from this wharfinger for the fiscal year 1906-7 were received a few days ago.

The condition of affairs at this wharf is different from any other under your control, and seems to call for some explanation.

The regulation in force at most of the wharfs is that the wharfinger receives a commission on his receipts, usually 25 per cent, though in some cases more is paid. Take the case of the Digby wharf, Nova Scoita. The receipts for 1905-6 were $3,045.16 from which he deducted his commission of $761.29, and the balance $2,283.87 was deposited. Nothing is allowed this wharfinger for assistance.

The receipts at Sault Ste. Marie for 1905-6 were $3,376.56 from which the wharfinger deducted $1,511.28 for salary and assistance and deposited $1,873.69.

According to the order in council of April, 1901, increasing the monthly allowance to $142, the wharfinger was to supply and pay for any assistance he needed. The order in council of May 20 restates the same and this regulation was observed up to June, 1906.

The total receipts since that date were $2,283.44, from which deduct 7 months' salary, though why he should be paid for January is not clear, which leaves $1,289.44, which should have been deposited from time to time as collected. Instead, the wharfinger retained this amount, and you now make a report to council and get an order allowing him to retain this amount and that he shall be paid in addition $710.56, making in all $2,000 towards paying for extra help employed during 1905-6. The result of this arrangement would be that out of the total receipts since June, 1905, amounting to $5,660, $2,505.28, was retained by the wharfinger for his salary and assistance, $2,000 is now allowed for extra help and $1,154.72 remains for the government.

Presumably the duties of a wharfinger are to collect the fees and possibly look after the wharf. A considerable proportion of the fees is for side wharfage, collected from the steamers and not entailing much trouble to the wharfinger. Have you inquired as to the nature of the services for which this large amount is claimed and whether it should be paid by the government. If the wharfinger is employing help to handle the merchandise, collect charges from the consignees, and work of that class, the expense should not be a charge against the wharfage fees. If local circumstances require that this should be done under the wharfinger's supervision and at the expense of the government, then the tariff of fees should be increased to cover the cost.

The Audit Act, section 37, directs that the gross revenues shall be deposited to the credit of the Receiver General. While the practice has been to allow wharfingers to deduct their commission, the provisions of the Act still apply to the balance of the receipts. You can consider the condition of affairs if many officers were allowed to do as this wharfinger has done.

Then again you ask that $710.56 be paid to Mr. Boyd and charged against the revenue of 1906-7, while nothing has come to this account in that year.

Under the circumstances, I am unable to pass your application; firstly, because the services were not authorized, secondly, because there is not sufficient information to satisfy me that it is a liability of the government, and thirdly, because there are no funds out of which it can be paid.

The wharfinger should be required to make monthly returns promptly of the current season's transactions, and deposit the proceeds less the allowance fixed by order in council of $142 per month.

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 28, 1907.

SIR,—I have the honour to inform you, that the Honourable Mr. Templeman, acting Minister of Marine and Fisheries, desires that you should send, at your earliest convenience, an officer of your department to the government wharf at Sault Ste. Marie, Ont., to investigate the condition of affairs there as regards wharfage matters, in order to satisfy you that the order in council of May 20 last, granting a refund to the wharfinger, G. A. Boyd, was founded on facts.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, July 11, 1907.

SIR,—In accordance with your letter of June 28, I sent one of my staff to Sault Ste. Marie to investigate into the condition of affairs at the wharf there.

He reports to me that he went fully into the matter with Mr. Boyd, the wharfinger, and the conclusions come to are embodied in a letter from him, copy of which I inclose.

The wharfinger certainly acted without authority in employing the amount of assistance he did, and his action in using the receipts of the wharf to meet part of these disbursements is highly objectionable and without any excuse. He has satisfied my official that he actually paid out to his assistants (three men on the wharf and a clerk in his office) during the seasons of 1905 and 1906 much more than the amount of the fees collected from July 1, 1906, to close of season, and not accounted for; and he has furnished an affidavit that he received nothing therefor from the transportation companies.

In settlement of transactions up to close of season of 1906 he proposes in his letter that the fees collected and not accounted for, amounting to $1,289.44 should be allowed him as against all assistance to that date; that for the present and future seasons he should be allowed $100 per month for his own salary and $200 per month to pay for assistance, and to meet the increased expenditure the wharfage fees should be increased.

Under the circumstances, I am of opinion the department should accept his proposals. It is desirable that the matter should receive early attention, so that the new tariff should came into force, as he suggests, on August 1.

From the observations my official made at the other wharfs in that section during the short stay made by the steamer, he is of opinion that some at least of these wharfingers are in much the same condition as at the Sault Ste. Marie, though doing much less business. The most of them are now receiving 50 per cent of the receipts as their remuneration. It is worthy of your consideration, if it would not be advisable that the increased tariff should apply to all these wharfs, in which case the percentage to be retained by the wharfingers might be somewhat reduced.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

SAULT STE. MARIE, ONT., July 5, 1907.

SIR,—I have to-day had an interview with Mr. John Gorman of your office with reference to the affairs of the Sault Ste. Marie wharf.

In addition to collecting the charges from vessels for side wharfage and from consignees for wharfage charges, I have been forced during the past two seasons to employ three men most of the time to handle the freight and attend to other work around the wharf, and a clerk in the office, as I also collect the freight charges for the transportation companies from the consignees. The wages of these assistants during 1905 and to June 30, 1906, I paid out of my own funds. The wages from July 1, 1906, to the end of the season I paid out of the revenue. As the matter now stands, I am indebted to the government for $1,289.44, the balance of the revenue of 1906, and I have a claim on the government for the disbursements made for wages. Though these disbursements amount to much more than $1,289.44, I am satisfied if the government will allow the one to stand against the other and consider the account square and settled, as at the close of the season of 1906.

In my judgment, the charges for handling the goods on the wharf and collecting the freight charges should be paid either by the transportation companies or the consignees.

The most practical manner of accomplishing this is by increasing the tariff so that it would cover the wharfage fee, the cost of handling the freight, and collecting the charges. I have reason to think that the merchants of this town would not object to this increase, and I would suggest that it be made at once, to go into force say August 1. Mr. White, of the Department of Marine and Fisheries, and I have gone over the existing tariff, and marked the increases, which we deem should be made.

For the current season and future management of the wharf I beg to submit the following proposition:—

1. That I shall receive a salary of $100 per month during the season of navigation for my own services.

2. That I shall be authorized to pay out of the fees collected the wages of three men and one clerk amounting to about $200 per month.

I may say in conclusion that if these arrangements are carried out I will engage that there will be no further trouble over the affairs of this wharf.

I am, sir, your obedient servant,

The Auditor General. G. A. BOYD.

Note by Auditor General.—An order in council, dated August 21, 1907, was passed fixing the wharfinger's salary at $100 per month, and authorizing him to pay for assistance out of the tolls collected, not to exceed $200 per month. An order in council was also passed on same date increasing the tariff of tolls at this wharf.

Re *Wharfingers, Lower St. Lawrence.*

MARINE AND FISHERIES DEPT., OTTAWA, December 18, 1906.

DEAR SIR,—Referring to the matter of paying certain wharfingers a fixed sum out of revenue, I have to inform you that the department has deposited to the credit of the Receiver General a cheque for the sum of one thousand dollars.

The following wharfingers are to be paid in accordance with the order in council, salaries mentioned herein :—

Baie St. Paul	$ 32 000
Les Eboulements	29 00
Cap à l'Aigle	18 00
Murray Bay	40 00
Rivière du Loup	146 00
Tadousac	30 00
St. Alphonse	48 00
L'Anse St. Jean	19 00
Chicoutimi	122 00
	$ 484 00

Yours truly,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, December 26, 1906.

SIR,—I have received your letter of the 18th instant in reference to the salaries to be paid certain wharfingers on the lower St. Lawrence, in accordance with the order in council, and stating that you had deposited $1,000 to the credit of the Receiver General.

If you meant this as an application for these payments, I would suggest that you send me a more specific application, quoting the date of the order in council.

You do not state who paid this $1,000 nor what season it covered.

I assume it is a payment by the Richelieu and Ontario Navigation Company, and covering the season of 1905, as the last payment from them that has come to account was deposited by your department, January 11, 1905. If this be so, I would like to know the cause of the delay—a whole year.

In a letter from this office, dated March 2, 1905, you were asked for a copy of the agreement with the company, but it has not been furnished.

It was also stated in this letter that the salaries allowed to the wharfingers was nearly 50 per cent of the receipts instead of 25 per cent.

I would ask for your reasons for recommending such a large increase.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 9, 1907.

SIR,—In reply to your letter of the 26th ultimo relating to wharfage paid by the Richelieu and Ontario Navigation Company on the lower St. Lawrence and Saguenay, I have to inform you that there is no lease of the wharfs between the Richelieu and Ontario Navigation Company and the department. According to the opinion of a former Minister of Justice a lease could not be legally made out.

An agreement by letter has existed between the department and the company, and I herewith inclose you copies of the letters.

As you are aware the wharfingers' salaries have been paid out of the $1,000 paid into the department by the company, but in March, 1905, a complaint was made by you that the wharfingers were paid about 50 per cent instead of 25 per cent which the order in council fixed.

The amount paid wharfingers in 1902 was 25 per cent of thirteen hundred and some odd dollars and the department considered it just to continue these payments as it included wharfage that was not paid by the Richelieu and Ontario Navigation Company. The list of wharfingers salaries paid upon the twenty-five percentage basis in 1902 was as follows, viz. :—

Baie St. Paul	$ 32 00
Les Eboulements	29 00
Cap a L'Aigle	18 00
Murray Bay	40 00
Rivière du Loup	146 00
Tadousac	30 00
St. Alphonse	48 00
L'Anse St. Jean	19 00
Chicoutimi	122 00

The arrangement of paying the $1,000 per annum began in 1903, but owing to the difficulty in getting at the exact amount of commission for each year, it was determined to pay the wharfingers on the basis of the collections in 1902.

With reference to the delay in depositing the $1,000 which was paid by the Richelieu and Ontario Navigation Company for the year 1905, I have to inform you that a letter was written to the Deputy Minister of Finance in May, 1906, inquiring if he would accept the $1,000 and allow the department to cheque on it for the payment of the wharfingers' salaries. Three letters were sent at different times to the Deputy Minister of Finance and he explained that he regretted that they had been overlooked. He also stated that he had discussed the matter with yourself and sent a copy of your letter to this department.

In your letter to the Deputy Minister of Finance, you did not seem to understand the matter and stated 'the company have leased the wharfs, the duty of providing and paying wharfingers might reasonably have devolved upon it.' I cannot comprehend why a suggestion of this kind should be made. Wharfingers are public officers, and as you are aware, were appointed by order in council to perform government work. For the government to ask the company, who are already paying a large amount per annum for wharfage, to pay government officers, could not be understood by the company nor the department, and consequently your statement was attributed to the fact that there was some misunderstanding on your part.

In accordance with the suggestion of the Deputy Minister of Finance, a report to council was made on October 19 last and the order in council reached the department on December 17, and I herewith inclose a copy of the order.

I have therefore to request you to furnish me with the cheques in accordance with the order in council fixing the salaries of the wharfingers at the amounts given in my letter of the 18th inst. The department deposited with the Receiver General a cheque for $1,000 and received a deposit cheque for that amount.

The wharfingers have been kept out of their salaries for 1905, by the complications and delays which have arisen through no fault of this department. I desire to send these cheques to the wharfingers at an early date.

I am, sir, your obedient servant,

The Auditor Geenral. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, January 14, 1907.

SIR,—I have received your letter of the 9th inst., in further reference to the remuneration of the wharfingers on Lower St. Lawrence.

As you have obtained an order in council fixing the remuneration of these wharfingers at the figures which you state they earned in 1902 under a 25 per cent basis, I do not purpose further discussing the matter, though it seems inconsistent that they should be paid as much now that they have been relieved from the greater portion of their duties by the agreement with the Richeliu and Ontario Navigation Company, as when they had to collect all the fees accruing.

You state that the wharfinger at Chicoutimi collected about $900 which he did not deposit. Has any action been taken in reference thereto? You also state that serious discrepancies were found in the books of the other wharfingers. Are any of these wharfingers still retained in office?

With reference to your comment on the question of the company paying these wharfingers, I may refer you to your letter of October 14, 1903, in which you give as a reason for making this agreement with the Richelieu and Ontario Navigation Company the fact that many of these wharfingers were agents of the company.

The order in council in question further provides that the wharfage receipts from owners of vessels other than the Richelieu and Ontario Navigation Company and merchants using the wharfs, should be placed to the credit of the Receiver Gen-

eral, and no further remuneration be paid than the sums above mentioned. I inclose a statement of these receipts for the last three years showing that $75.18 has been retained by certain wharfingers out of their receipts. These deductions should be retained from the amounts now payable under the order in council.

You will notice that at many of the wharfs nothing was collected during 1903-4 and 1904-5. What is the reason ?

It is necessary that your application should give the names of the wharfingers to whom the cheques are to be issued.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 21, 1907.

DEAR SIR,—In reply to your letter of the 14th instant relating to the payment of salaries of wharfingers between Rivière du Loup and Chicoutimi, I may state that the department has already taken steps to deduct from the wharfingers any commission which they retain beyond their salaries.

You inquire why nothing was collected in 1903-4 and 1904-5. I presume you mean independently of the $1,000 which was paid by the Richelieu and Ontario Navigation Company although you do not state so. A portion of the $1,000 must be credited, and each wharf has, in the books of this department, been credited with its proportion and the statements furnished.

My letter of October 14, 1903, gave as a fact that some of the men were agents of the Richelieu and Ontario Navigation Company it is true, but that is no reason why the wharfingers who are officers of this department should not be paid by this department, as they have duties to perform as wharfingers independent of their work as agents of the company. The very small amount which these wharfingers receive would surely indicate that they must do something else to earn their livelihood, and if the Richelieu and Ontario Navigation Company choose to employ them to deliver freight to shippers or receive freight the department could have no reasonable objection.

You can easily see from the order in council, copy of which I sent you, the department's main reason for taking the receiving of money, out of the hands of some of these wharfingers, was to protect the public interests.

With regard to your question as to what action was taken against the wharfinger at Chicoutimi, who collected money which he did not deposit, I have to inform you that he left the place and had no property or any other means whatever, and the department learned from one of its officers that he died shortly afterwards.

Some of the discrepancies referred to in the order in council, from which you quote and not my letters were for overcharging the company. These overcharges were due not to the wharfage rates which they charged for mooring the steamers, but by taking the gross tonnage instead of the net tonnage.

I may state in conclusion that I have given you all the information which the department had on this subject, and you can easily understand from the order in Council the department's object was to protect the public interests as the old system worked out by these wharfingers, did not do so.

I did not think it would be necessary to give any further explanations, as you can arrive at the true state of affairs from the information laid before you.

Any wharfingers that were guilty of wilful wrong-doing have not been retained in office. There are only two of those holding positions as wharfingers in 1902, now in office.

With regard to your statement that at many of the wharfs nothing was collected during the years 1903-4 and 1904-5, I may say that some of the wharfs were not used by any other vessels than the steamers of the Richelieu and Ontario Navigation Company.

I herewith inclose a list of the wharfingers at the wharfs referred to in 1905. The cheque for Les Eboulements need not be issued as the man who was wharfinger in 1905 retained government money that had been paid him.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, January 23, 1907.

SIR,—You state in your letter of the 21st, received this morning, that the department has already taken steps to deduct from the wharfingers any commission which they retain beyond their salaries.

As you are now asking for cheques in favour of these wharfingers, why not deduct the commissions which they have retained ? I may add that if this be done, cheques for the balance will issue without delay.

I note your request that the cheque for Les Eboulements need not be issued as the wharfinger in 1905 retained government money that had been paid him. Your first application asked for a cheque for this wharfinger.

You state that some of the wharfs were not used in 1903-4 and 1904-5 by any other vessels than the steamers of the Richelieu and Ontario Navigation Company. You do not say on what information you base this statement. It seems singular that from every wharf something was collected in 1905-6 from other vessels, from a few also in 1904-5, but from all but two nothing in 1903-4. At Chicoutimi $99.62 was collected in 1904-5 and $47.90 in 1905-6 and nothing in 1903-4. Have you any returns from this wharfinger for 1903-4, or any explanation why nothing was collected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 14, 1907.

DEAR SIR,—In reply to your letter of the 23rd ultimo, relating to the matter of paying certain wharfingers' salaries for the year 1905, for duties performed at wharfs between Rivière du Loup and Chicoutimi. I may state that there is no objection to deducting the commission retained by the wharfingers if you wish.

The department would very much prefer having this done through its officers for the simple reason that the salaries are paid for the calendar year or season of navigation, and the books of the agent of this department at Quebec and the books of the department should correspond. The statement sent by you appears to be for the financial year. Not only should the books correspond but the amounts should correspond with the cheques issued to the wharfingers and with the order in council.

The agent of this department at Quebec requested several weeks ago that the cheques be sent him so that he could deduct the amounts retained by the wharfingers and deposit the amounts to the credit of the separate wharfs. The wharfs must be credited anyway with the balance left after the salaries are paid out of the $1,000 received from the Richelieu and Ontario Navigation Company.

You state the cheques will be isued without delay if the amounts which have been kept by several of the wharfingers are deducted from the cheques to be sent them. I do not for one moment suppose that you intentionally desire to prevent the payment of the wharfingers' salaries, but that has been the effect of all the correspondence on the subject. I shall be pleased to have the cheques at once as the wharfingers have been requesting their pay for more than a year.

The matter in brief, is simply, that some wharfingers were appropriating money and others were overcharging, and the department to prevent these irregularities entered into an agreement to accept $1,000 from the Richeliu and Ontario Navigation Company for the wharfage mentioned in the order in council.

Various questions have been raised by yourself, and the department being anxious to have everything done regularly and desiring to take a proper course, upon the recommendation of the ex-deputy Minister of Finance, referred the whole matter to the Governor General in Council

The order has been issued and I would kindly ask your attention to this as the minister is receiving daily letters through the members complaining of the delay.

The cheque was asked for the wharfinger at Les Eboulements because his son claimed that he had done the work, but the department does not intend to pay him now owing to the fact that the deceased wharfinger appropriated money.

I am, sir your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, February 20, 1907.

SIR,—I received on the 18th inst. your letter of the 14th in further reference to the payments of wharfingers on the Lower St. Lawrence, of the balances due them for their salaries for the season of 1905. You now state that there is no objection to deduct the commission retained by the wharfingers. In that case, I have to ask for a formal application, naming the wharfingers and the balance payable to each, when cheques will issue without delay.

You will observe that the wharfinger at St. Alhponse has retained more than his salary for 1905, and the balance should be deducted when paying him for 1906.

As some fees were collected in 1905-6 by all these wharfingers, from other vessels than those of the Ontario and Richelieu Company, it is fair to assume that some fees from this source were collected during the two previous years. Inquiry should be made in reference thereto, and any amounts collected deducted from future payments of salaries.

You state that the agent at Quebec requested that the cheques be sent to him, so that he could deduct the amounts retained by the wharfingers and deposit same to the credit of the separate wharfs. If the cheques were made out for the full salaries in favour of the wharfingers, I do not understand how he could deduct anything from them.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 25, 1907.

SIR,—In reply to your letter of the 20th inst. relating to salaries of the wharfingers on the Lower St. Lawrence for the season of 1905, in which you state that you will issue the cheques for the balances due them without delay when a formal application is made, I herewith inclose a list of the names of the wharfingers and the

balance payable to each, and I have to request you to be good enough to issue the cheques and send them to the department. If these balances do not correspond with the return sent you, be good enough to send the cheques for those wharfingers from which no balances are deducted.

The wharfinger at St. Alphonse retained in 1904 and 1905, $21.81 and $20.39, making in all $42.20.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 2, 1907.

SIR,—I have received your letter of the 25th ulto. in further reference to the payment of the salaries of the wharfingers, Lower St. Lawrence. You inclose a list of names of the wharfingers and the balance payable to each. In this list you have not taken into account the deductions made in 1905-6, which I assume you purpose doing when applying for the payment of the salaries of 1906.

In the list you enter the wharfinger at St. Alphonse for two years' salary, presumably 1904 and 1905. Was the salary for 1904 not paid by your department in January, 1905, when the salaries of these wharfingers for 1903 and 1904 were paid?

The wharfinger at Rivière du Loup deducted $34.91 in 1903-4 and refunded $27.39 in 1904-5, leaving $7.52 which should be deducted now.

The wharfinger at Chicoutimi should be asked for explanations why he did not account for any receipts other than the Ontario and Richelieu Company in 1903-4. His salary for 1906 should not be paid till he complies.

Cheques will issue as per your list with the exception of Rivière du Loup and St. Alphonse, action on which will stand awaiting your reply.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 28, 1907.

SIR,—I have to request you to send to the department cheques to pay the wharfingers on the Lower St. Lawrence for 1906, as the money received from the Richelieu and Ontario Navigation Company for the year 1906, was deposited to the credit of the Receiver General. The list of wharfingers is herewith inclosed and the amounts due to each wharfinger. Be good enough to have the cheques sent promptly as the wharfingers have had no pay since 1904.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 6, 1907.

SIR,—I have received your letter of the 28th ult. asking for payments of salaries of the wharfingers, Lower St. Lawrence, for season 1906.

I am returning the list inclosed in your letter, as the deductions made do not agree with the commission retained by three of the wharfingers.

The returns for 1905-6 from these wharfingers were as follows :—

Baie St. Paul	$ 16 31	Commission retained	$ 4 08
St. Alphonse	48 49	Commission retained	12 13
Tadousac	13 90	Commission retained	3 20

In your list there is deducted from Baie St. Paul only $1.25; from St. Alphonse only $8.38; and nothing from Tadousac.

In my letter of the 2nd inst. I suggested that the wharfinger at Chicoutimi should not be paid his salary for 1906 until he had explained why there were no collections accounted for 1903-4.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 7, 1907.

SIR,—Referring to your letter of the 2nd instant relating to cheques for the wharfingers of the Lower St. Lawrence, I have to inform you that an examination of the books of the department show that $7.52 should be retained from the cheque of the wharfinger at Rivière du Loup. The error occurred through taking one return of the wharfinger in which there was the sum of $7.52 overpaid by him. Taking the whole season, however, it appears that he should have refunded $34.91 instead of the $27.39 to make the return correct. Please send the cheque for Mr. Gilbert as soon as possible.

With regard to the cheque for the wharfinger at St. Alphonse, the department is not certain whether the wharfinger presented the cheque sent him in 1904. An inquiry was made that year at the bank and it was stated that the cheque had not been presented.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, March 12, 1907.

SIR,—In reply to your letter of the 6th inst., relating to wharfingers' salaries for the Lower St. Lawrence for 1906, I have to inform you that your statement is for the fiscal year 1905-6. The wharfingers are paid for the calendar year from the opening to the closing of navigation. This accounts for the difference between $12.13 and $8.38 in the case of the wharfinger at St. Alphonse. The cheques that were applied for were to pay salaries from the opening of navigation to the close.

With regard to the wharfinger at Tadousac, the order in council appointing him allows him to retain 25 per cent in addition to the $30 which is paid annually, consequently there will be no reduction.

With regard to the commission of the Baie St. Paul wharfinger, one dollar and twenty-five cents is the reduction for the calendar year, or rather the season of navigation. Four dollars and eight cents is for the fiscal year.

The delay has been so great with regard to these cheques for the wharfingers, and they are so anxious for their pay that it is hoped that you will be able to send the cheques to the department at an early date.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 16, 1907.

SIR,—I have received your letter of the 12th inst. in further reference to the salaries of the wharfingers, Lower St. Lawrence, for the season of 1906.

Notwithstanding the explanation contained in your letter, I consider that the full commission improperly detained by the wharfingers at Baie St. Paul and St. Alphonse, from their collections previous to June 30, 1906, should be deducted from the salaries now being paid.

In view of your explanation, the salary of the wharfinger at Tadousac will be passed without any deduction.

You do not refer to my suggestion as to wharfage at Chicoutimi. I still think he should explain about the collections during 1903-4 before he is paid his salary.

Please forward the list, with the necessary corrections. It was returned to you with my letter of the 6th.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 25, 1907.

SIR,—Referring to your letter of March 16 in which you state that the salary of the wharfinger at Tadousac will be passed, without any deduction, I have to request you to be good enough to send this cheque as the department has been awaiting it to send to Mr. Gingras of Tadousac. The amount is thirty dollars.

With reference to the wharfinger at St. Alphonse he has stated distinctly that he retained no commission in 1903 and only $11.86 in 1904, but he expended $12.50 in removing ice from the wharf and repairing the wharf. It was improper for him to retain the money for repairs and removing the ice and he should have sent in the account to be paid out of expenditure. On the other hand the agent at Quebec states that in 1903 Mr. Tremblay did retain a commission amounting to $21.49 and in 1904, $14.98.

These discrepancies will have to be settled between the agent at Quebec and Mr. Tremblay, wharfinger. There are some conflicting statements between the agent at Quebec and the wharfinger at Chicoutimi also which must be settled before I can give you a definite answer respecting the amount to be paid the wharfinger at Chicoutimi.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.*

AUDIT OFFICE, OTTAWA, April 29, 1907.

SIR,—I have received your letter of the 25th instant in further reference to your application of February 28 for the payment of the salaries of the wharfingers for the season of 1906.

Your explanation *re* St. Alphonse refers to season of 1905, for which year there seems to be a balance due the wharfinger of $5.89.

If the deductions from Baie St. Paul and St. Alphonse, as per my letter of March 6 be made, there will be no objections to paying all these wharfingers for 1906, with the exception of Chicoutimi; in which case, please send a formal application with list.

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 7, 1907.

SIR,—In reply to your letter of the 29th ultimo relating to salaries for wharfingers on the lower St. Lawrence in which you state that if the deductions from Baie St. Paul and St. Alphonse, as per your letter of March 6 be made, there would be no objection to paying all these wharfingers for 1906, I have to inform you that the wharfingers have been persistently requesting the payment of their salaries for 1906. No explanation can be given to these officers but the one, that the department has applied for the cheques and has not received them.

The question of settling the whole matter is now reduced to deducting certain amounts from the salaries of the wharfingers at Baie St. Paul and St. Alphonse and obtaining an explanation from the wharfinger at Chicoutimi.

Be good enough to send the cheques for the wharfingers at the other localities. I cannot see any reason for retaining them. The wharfingers are poor men and they themselves cannot understand why they have not been paid.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, May 7, 1907.

SIR,—Referring to your letter of March 16 last in which you state that in view of the explanation the salary of the wharfinger at Tadousac will be passed without any deduction, I have to inform you that Mr. Gingras, wharfinger at Tadousac, has again asked for his salary and states that he is in great need of the money.

Please have the cheque sent so that this wharfinger may be paid without further delay.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, May 11, 1907.

SIR,—In reply to your letters of the 7th instant in further reference to salaries of the wharfingers on lower St. Lawrence for the season of 1906, I would beg to say that the delay in paying these salaries has been caused by your not returning the list sent to you for correction on March 6 last.

Immediately on receipt of a formal application and a corrected list, cheques will be issued.

I may add that I do not see why the deductions from the salaries at Baie St. Paul and St. Alphonse, as shown in my letter of March 6 should not be made, which would dispose of the whole of these wharfingers except Chicoutimi.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 15, 1907.

SIR,—I herewith make application on the inclosed form for the salaries of wharfingers at wharfs on the lower St. Lawrence.

With regard to the statement which you refer to in your letter of the 11th instant, I have to inform you that the department is now in correspondence with the agent of this department at Quebec, respecting the amounts retained by the wharfingers at Baie St. Paul and St. Alphonse, and also the collection of wharfage at Chicoutimi in 1903-4.

I repeat that the wharfingers are constantly requesting the payment of their salaries and it is almost impossible to get them to understand that they are paid out of revenue which has been paid in to the Receiver General, and the cheques requested in the formal application are required at the very earliest possible date.

There is no reason why these salaries should not be paid. The settlement of the salaries for 1906 will prevent trouble in the way of wharfingers retaining protions of the collections as payment for their services.

The department intends to insist upon the wharfingers making returns of all the collections made for the year 1907, but the wharfingers cannot be expected to be put off with promises that their salaries will be paid and explanations as to the cause of the delay. It very materially interferes with the business of the department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, July, 2, 1907.

SIR,—With regard to the wharfinger at Baie St. Paul retaining a commission of $4.08 no cheque has been sent Mr. Cunningham for the amount of his salary for 1906, which is $32, and it appears that the $4.08 should be retained. If this is in accordance with the returns received by you please forward a cheque for the balance.

With regard to the wharfage at St. Alphonse, some discrepancies betwen his own statement to the department by letter and the report of Mr. Gregory exist. He has recently asked for his salary for 1906, but the department will not be able to settle the matter until these discrepancies are reconciled. According to the agent's report, the sum of $37.52 for the two years 1905 and 1906 are due him. Mr. Gregory reported that the wharfinger at St. Alphonse retained $58.48. Deduct that from two years' salary, viz., 1905 and 1906, and it leaves a balance of $37.52.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, July 2, 1907.

SIR,—I herewith inclose copy of a statement of amounts collected by Mr. Thomas Tremblay, wharfinger at Chicoutimi. The agent of this department was instructed to investigate the statement of the wharfinger concerning his returns in 1903 and 1904. Mr. Gregory reports that he was quite positive that no money was remitted to his agency in 1903, and also that Mr. Tremblay reported the collections in 1904 but did not forward any money. The statement shows the amount collected in 1903, 1905

and 1906 to be $244.07 for the three years. A credit of $122.07 must be deducted from this as a deposit receipt was sent. There is a balance of $122 due from Mr. Tremblay and consequently he will not be paid anything for 1906, and his cheque for $122 for his salary should be retained. This will settle the matter up to the end of 1906 with regard to the payment of any moneys due Mr. Tremblay. It appears no cheque should be issued for that year and my application was made on the supposition that Mr. Tremblay had not collected any money personally. On investigation this was found to be a mistake.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, June 7, 1907.

Re Wharfs and Piers.

SIR,—I have again to call your attention to the delay in transferring to the control of the Department of Marine and Fisheries, the wharfs constructed by your department.

While these wharfs remain untransferred, no revenue is collected from them, at least none comes to account.

I have to ask for a statement of all wharfs completed and not transferred, showing the year in which constructed, and an explanation of the delay in transferring.

I also desire to know what action you purpose taking in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. J. FRASER, *A.G.*
